About the Conference

We all know about the struggles faced by LGBTQIA+ community. It is time we do our part in understanding their challenges as mental health professionals. The objective of the conference is to create space exclusively for mental health professionals to discuss about the emotional and social challenges faced by LGBTQIA+ community. The two days of the conference will focus on LGBTQIA+ community inclusion in mental health practice. We hope this will broaden our perspectives in assisting the LGBTQIA+ community in the different treatment approaches.

Paper presentation topics related to LGBTQIA+

- Gender Identity/ Roles/ stigma
- Challenges faced by LGBTQIA+
- Homophobia
- Inclusivity in higher education
- Entrepreneurial initiative for/among LGBTQIA+
- Workplace harassment
- Family dynamics

Though the topic of the conference is LGBTQIA+, we also invite papers related to the above mentioned topics concerning other aspects/population in Psychology.

Online Paper Presentations are also welcome.
