Tuesday, 28th March, 2023
01:00 PM - 07:00 PM (IST)
at Loyola College (Autonomous),
Chennai-34

[Click Here To Register](#)

About the college:

Loyola College, a Catholic Minority Institution, was founded by the Society of Jesus (Jesuits) in 1925. Loyola College, though affiliated to University of Madras, became autonomous in July 1978. The college aims at training young men and women of quality to be leaders in all walks of life and serve their fellow men and women in justice, truth and love. The college was ranked 4th in the NIRF 2022 ranking and it was awarded “A++” status in the fourth cycle of NAAC accreditation.

About The Department:

The Department of Counselling Psychology was established in the year 2021. A full-fledged two year Postgraduate programme in Counselling Psychology was introduced with the aim to provide students with enriched knowledge and train them for research, for academic and applied settings that will broaden and deepen the knowledge base on which the science of psychology rests.

Concept Note:

In recent years, psychological science plays an increasingly outsized role in the debate about how to solve the world’s most intractable challenges. Human behavior is at the heart of many of the biggest issues with which we grapple: inequality, abuse and trauma, violence and crime, climate change, the future of work, health and well-being, vaccine hesitancy, and misinformation. Psychologists have been asked not only to have a seat at the table but to take the lead on these issues and more.
