

ENACTUS LOYOLA-SIFE

(Shift-1)

INTERIM REPORT

Club Inauguration:

The Enactus Loyola – Sife Club Inauguration was held on 7th September 2018. The inauguration function started at 2.00 p.m. in the Fr. Vion Mathematics Smart Room. 10 members out of 22 registered students participated, and the functional started with the short prayer by Dr.Y.Kins. The Chief Guest Dr.Francis Xavier delivered the inaugural speech, with the motto of doing good to the society. After the inaugural the first meet of the Enactus Club, was held on the same day and the program for the year was finalized. Students were very much enthusiastic to fulfill the theme of Enactus club.

Theme of this year: Uplifting the Livelihood of Farmers.

Since the farmers are suffering in all the ways and losing their livelihood, we the Enactus (Shift-1) members choose the theme related to the farmers as “*Uplifting the Livelihood of Farmers*”. Based on this theme we planned to conduct various programs to improving the livelihood of the farmers.

Event 1-Training Program on EXPORTATION & HEALTH BENEFITS OF HERBAL PLANTS

We organized a training program on the topic “*THE EXPORTATION & HEALTH BENEFITS OF HERBAL PLANTS*” on 19th September 2018.

The poster features the Loyola College crest on the left and the Enactus logo on the right. The main text is centered and includes the following details:

Date : 19th September 2018
Time :2.30 P.m to 4.30 P.m
Venue : Lawrence Sundaram Hall

All Are Welcome

Organizer
Dr. Y.Kins,
Faculty advisor,
Enactus Loyola, Shift-1

The program was started at 2.30 P.M with a prayer Song. Then the Speakers were honored with bouquet flowers, Shawls and Mementoes.

We have invited students from various departments those who have the subjects related to Transportation and Herbs. More than 200 students from various departments such as Botany, Commerce, Mathematics, Sociology, Economics etc. actively participated in this training program. Also 65 outside participants including farmers, Business people and students from other colleges attended this program. But only 12 club members attend this training program.

Participants from outside the College.

Speaker 1: Mr. A. Balachandar showed more than 50 Herbs around us and explained about their Health Benefits. Also he clearly explained the worth and demand of each Herb in different countries. Along with his team he demonstrated various herbs and its values. Through his

presentation the participants understood the value of herbs around us and especially the farmers are highly motivated through his talk.

Speaker 2: Mr. M. Ramachandran, one of the best export trainer in the City explained the different ways of exporting the Herbs to different parts of the world. He Motivated the Participants by explaining the life history of so many farmers who succeeded in their life through this exportation. Thus the participants were highly motivated to do the export through his presentation.

Future Plans:

1. Club Members are asked to give the presentations about the Herbals, their uses and the methods of transportation of Herbs for the Students in our College.
2. Club Members are going to Visit the Terrace Garden and learn how to cultivate the Herbs in the Terrace.
3. Club members are going to Visit the Farmers in their farm and explain them about the uses of Herbs and connect them with the people who are already doing the Exportation on Herbs.
4. Each Club Member will present a Report regarding the Output of this program.
5. Finally Valedictory Program will be conducted and the participation certificate will be issues to all the participants who took part in the Training program conducted on 19th September.

JAMM Child Support Centre

The training programme was conducted on the issue relating to the import and export of the traditional herbs as well as, medicinal plants, including its impact on the global and domestic trade activities. Self Help Group women from the urban slums of Chennai were sensitized towards the probabilities of women empowerment through participation in exporting and importing of low cost herbal plants, they were also educated about the guidelines considering horticulture requirements, harvesting, methods of drying and packaging of herbal plants. Out of the 880 plants which could be exported, the trainer Mr. Balachandran, elaborated the medicinal significance and export pricing of 15 plants by live demonstration. Mr. Vijay Suresh, Alovera India Pvt Ltd., who was one among the invited resource persons, explained the significance of quality assurance of medicinal plants to ensure purity, safety, security in meeting global standards. The programme came to an end, with the feedback session from the community women and students of the club. As a mark of success of the training programme, 25 women and 3 student members came forward to register their names under Makkal Impo and Expo and gave their consensus to participate in exportation of medicinal plants.

V. Programme Title: Training programme on jewellery making for school going and college girls in the community

Date: 08-12-2018

Venue – Egmore Community

Trainers: ENACTUS Students, Department of French

We conduct Silk Thread Jewellery Making Classes for the benefit of girls living in urban slum to take the best out of it as a business startup. Silk Thread is a versatile option for making Jewellery providing superior look and exceptional comfort. It is further complemented by the fact that Silk thread is available in variety of colours. Training covered making of bases to design Silk Thread Jewellery of the desired size and shape with fine and flexible texture.

VI. Programme Title: Training programme for Women in Self Help Group on paper bags, aster bags and mobile pouch

Date: 12-01-2019 and 23-02-2019

Venue – Egmore Community

Trainer – Mrs. Revathi and their colleagues, Smart Skills Fashion Technology, Vadapalani Chennai

Bag making is a very profitable venture as it requires cheap and minimum raw materials to make a paper or an aster bag. Newspapers, chart paper and fancy decorative paper were used to make paper bags for different purposes. Trainer from Smart Skills Fashion Technology, Vadapalani Chennai were invited to train 50 college students and 50 participants from the urban slum community. The bags the participants made were strong and can be used to carry grocey and vegetables. All the raw material is quite inexpensive since it is easily available in homes.

VII. Programme Title: Training programme for Women in Self Help Group on Fruit preservatives

Date: 06-03-2019

Venue: JAMM Child Support Centre, Vepery, Chennai

Trainer: Mrs. Hosanna, Expert in Skill development

Nutrition education programme is one of the most power tool to eradicate hunger and poverty, Loyola ENACTUS students decided to educate the community women on aspect of nutrition security to equip them to fight against poverty by teaching a skill on fruit and vegetable preservation. Fruits and vegetables are the main sources of vitamins and minerals in one's diet. Fruits and vegetables being perishable needs preservation. A one-day training programme on Fruits and vegetables preservation in urban slum areas was held in Chennai. Participants were thought to prepare fruit juices, jams and squashes and ways of preserving them in a home scale for a longer shelf-life.
