**“Heaven lies beneath the feet of mothers” – Al Quran**

The students spoke about how precious it is to be a woman and how they are the reason for the birth of all living creatures. How they are portrayed in the media and their role as mothers to everyone. Teaching creates a mother-child bond and demonstrates how everyone admires women for their selflessness, generosity, and commitment. These details were provided in honour of all the historical ladies and to honour their kindness, love, and sacrifice.

**WOMENS' DAY CELEBRATION**  
**8<sup>TH</sup> MARCH, 2023**

To honour all professors on this Women's Day, to show our appreciation for them, to make them feel special, and to demonstrate how much we value and regard them as if they were our own mothers. Students brought gifts to all professors. All women professors gathered together to celebrate by cutting a cake as remembrance. Women's day speeches are presented to inform the public of the numerous responsibilities that women play in various aspects of life in various organisations, educational institutions, and various national and worldwide forums. All the world's great individuals were created in a mother's womb, and it was she who also provided them with their early teachings. And for that reason, we have consistently highlighted the need of treating women with respect throughout their lives.

**ABOUT THE EVENT**

**Venue:** CES 09

**Time:** 04:15 PM

Every year on March 08, International Women's Day is celebrated to congratulate and appreciate the achievements of women around the world and motivating them to achieve greatness. This process can be started by creating an environment that encourages women to face the social change, so that they can live with happiness, commitment and generosity. The office bearers of the commerce forum, celebrated Women's Day in CES 09 (Staff room) at 4:15 P.M. All the professors were invited to the celebration. The event started with a special melody song "Aanandha Yaazhai" by the Choir to congratulate and honour all the Women who play a significant role in everyone's life and to thank them for their kindness, generosity, selflessness and sacrifices that they made to make everyone happy. Following this, office bearers and students shared their felicitation to all the women professors. They highlighted that teachers encourage them and teach them how to advance, and who treat them with care as if they were their own children, this speech was written to offer our appreciation and love for all mothers who gave up things to make everyone happy and who showed their children, unconditional love without holding anything back. The also shared that in order to let everyone realise that a woman is a visible goddess that a man can see with his/her eyes and that she will stop at nothing to ensure the happiness of her offspring, family, and society. The purpose of this sharing is to help people comprehend how the media portrays them and the suffering they endure throughout their lives.

As a statement mentioned in Quran, "Heaven resides beneath the feet of mothers", each and every one should comprehend that woman is the reason for the birth of all living beings. We should all be aware of this and ensure that girls live in a supportive atmosphere where they feel inspired and have the opportunity to showcase their skills. Following that, forum participants honoured all the professors with gifts. then together cut a cake to commemorate the event. The teachers were praised and thanked by all of the students for everything they do to make us happy.
