

Editorial

Congratulations Mr. Pranab Mukherjee for having become the 13th President of this great country.

Congratulations Rev. Fr. Sebastia L. Raj for having become the Provincial of Madurai Jesuit province and thereby the new chairperson of the Governing Body of this great institution called Loyola College. Both of you have vowed to abide by and uphold the respective constitutions of the domains for which you have been chosen to lead and animate.

The following pages exhibit ample evidence to exhibit the efforts of the stakeholders (Teachers, Administration staff and Students) of the college in playing a role – major or minor – augmenting your wishes, plans and ambitions.

We may not be professional.... We do not use either officialise or journalese to document our attempts.... our efforts may be too small considering the vastness of the world in which we operate. Some may even consider them insignificant. But we keep rolling and a rolling stone never gathers moss.

The preferential option of the Jesuits has raised many an eyebrow. Some demanded, "Are we compromising on the hegemonical and canonical concept of quality?" But through various measures Loyola College has redefined 'Quality'. It has been asserted that it should cater to the empowerment and emancipation of the last, least and the lost. One finds how we have achieved that to include the excluded.

Do the first generation learners have a place in iconic Loyola College? The following pages pronounce an emphatic 'YES' and display the future direction where we are heading.

It is assured that we have won a gold in the academic and social Olympics.

Sincerely yours
S. James Sundararaj

COLLEGE DAY

28th March 2012

Respected the Chief Guest of the 87th College Day Function, **Padma Shri. Dr. A. Sivathanu Pillai**, Distinguished Scientist & Chief Controller, Research and Development, DRDO, Ministry of Defence, New Delhi and Chief Executive Officer & Managing Director, BrahMos Aerospace, New Delhi, the Guest of Honour for this function, **Padma Shri. Dr. V. Mohan**, Chairman & Managing Director, Dr. Mohan's Diabetes Specialities centre & Madras Diabetes Research Foundation, Chennai,

Rev. Fr. K. Amal, S.J., Rector, Rev. Dr. C. Joe Arun, S.J., Secretary, Rev. Dr. S. Arockiasamy, S.J., Deputy Principal, Dr. S. Albones Raj, Vice Principal, Officials of the College, Rev. Fathers, Sisters, Members of the teaching and nonteaching fraternity, Alumni, Parents, Benefactors, Members from the Press and my dear students. Good morning to all of you.

With immense pleasure, I present the annual report for the academic year 2011-12.

At this historic moment, I want to express my sincere gratitude to all the great men and women who have done yeoman and dedicated service that has made Loyola stand tall and committed to the ideals for which the college was founded.

In Jesuit education, particular care is given to the development of the imaginative, the affective, and the creative dimensions of each

student in all courses of study. These dimensions enrich learning and prevent it from being merely intellectual. They are essential in the formation of the whole person and are a way to discover God as He reveals Himself through beauty. For these same reasons, Jesuit education

PRINCIPAL'S ANNUAL REPORT

includes opportunities through course work and extracurricular activities or all students to come to an appreciation of literature, aesthetics, music and the fine arts.

Characteristics of Jesuit Education

The report I am presenting before you, dear friends, has the dimensions mentioned in the characteristics of Jesuit Education. The New academic year 2011-12 began on 15th June 2011 to all our students; but for the newly recruited faculty members of our college on 6th June itself with a week-long Orientation programme on Jesuit Higher Education and the ethos of Loyola College!

THRUST AREAS OF THE COLLEGE:

The College has taken mentoring, remedial, restructuring and placement more seriously during this academic year. Mentoring has been strengthened through training of teachers keeping in mind the first generation students and the students from the marginalized sections of the society. A clear-cut instruction has been given to all our staff members to make this mentoring programme very effective and useful to the student community particularly for the students of first generation. The college has laid more stress on remedial/tutorial. The students who are weak in English were identified and given regular coaching in English. The departments were involved in conducting the remedial programme for the academically weaker students. The college has constituted a restructuring committee and they are revisiting teaching, learning and evaluation programmes of the departments. From next year onwards we are going to implement the restructured curriculum to all our students. This year the placement of students was done very methodically and effectively and I am very happy to announce that we have placed 90% of the students who have registered with the placement office for jobs in reputed companies and organizations.

CHANGE OF GUARDS:

1. Rev. Dr. Sebastia L Raj SJ, our new Provincial, took over as the Chairman of the Governing Body of Loyola College from this academic year in the place of Rev. Dr. M. Devadoss SJ.

I thank whole heartedly the tireless service rendered by the outgoing incumbents in the respective areas of operation and for taking Loyola to greater heights. It was their indomitable spirit and total commitment to the cause of Loyola, which kept the flag of Loyola flying high.

ACHIEVEMENTS & HIGHLIGHTS:

™ We are happy to announce the creation of **RITU AND SANJAY KAURA CHAIR IN LIBERAL ARTS** instituted by M/S RITU AND SANJAY KAURA in memory of **SHRI. SATISH KAURA**, an illustrious alumnus of our College. This Chair, first of its kind in a college, would enable us to appoint a scholar of international repute to promote inter-disciplinary research across arts disciplines in our college.

™ The UGC Experts Committee visited the college on 17-18th December 2011 for extending the period of autonomy from 2011-12 to 2016-17. Their recommendation to the UGC is the following. "The Committee was unanimously of the view that institutions like the Loyola College, Chennai which have performed well as an autonomous institution and which have undergone 3-4 reviews for the last 30 years by the UGC periodically, need not be reviewed an infinitum by the same set of norms as meant for fresh institution. Either they could be given a permanent autonomous status or preferentially a new set of criteria may be evolved by the UGC for the review of such institution which expects them to perform as pace – setting institution of academic excellence".

™ Loyola stood as one of the top five colleges in all the streams

(arts, science and commerce) in the **INDIA TODAY 2011 RANKING** – (Arts 3rd Place, Science 2nd Place, Commerce 3rd Place). This is the only college which has been listed in all the three streams.

™ Loyola stood as one of the top ten colleges in all the streams (arts, science and commerce) in the **WEEKLY 2011 RANKING**.

™ Under the "COLLEGE WITH POTENTIAL FOR EXCELLENCE" CPE (phase II) scheme, UGC has sanctioned Rs. 75,00,000 /- (75 lakhs) and released Rs. 37,50,000 /- (Rupees thirty seven lakhs and fifty thousand) as first installment. The first installment had been utilized for improving employability skills for students, purchase of equipments for enhancing teaching, to introduce reforms in evaluation / examinations and for institutional quality enhancement.

™ **NAAC Reaccreditation Process:** A team, consisting of Principal, Secretary, IQAC Coordinator, members of the IQAC and a staff member from each department, worked on the department profile and evaluative report (descriptive) of the departments. Towards the end of last academic year 2010-11, the college submitted the Letter of Intent (LOI) on 16th April 2011 to the NAAC. The Self-Study Report (SSR) was finalized after several rounds of sitting with stakeholders. The college submitted the SSR on 17th October 2011 exactly the day when it was due for submission.

™ **Restructuring Of Curriculum:** The College is heading towards restructuring of curriculum effective from the academic year 2012-13. The restructuring committee held wide consultations at various levels. The restructuring process is nearing completion for PG and UG. The whole process is done in a transparent manner by taking in to confidence all the HODs, officials, college management and the faculty. The highlights are:

1. Introduction of interdisciplinary paper at PG level
2. Introduction of life coping skills for PG students
3. Summer training programme for PG students
4. Bridge course for first year UG students
5. Supplementary examination for first year UG students
6. Remedial programme to be coordinated by the respective Departments
7. Introduction of a self study paper for interested UG /PG students
8. Strengthening of internship for UG students
9. Innovations in teaching, learning and evaluation
10. Question Bank for all the subjects in all disciplines both for UG and PG programmes.

TM **UGC office:** Separate office to deal with UGC and other funding agencies has been set up with one full time non-teaching staff working in that office. Dean of Research takes charge of UGC office. This office with the help of Bursar's office got the Utilization certificates from the Professors who got money from UGC and CSIR for conducting conferences since 1999.

TM First time Loyola conducted 10 day bridge course for the students of I years. Department of English prepared the syllabus. The students seemed to have benefitted from this.

TM Patel Foundation provided scholarships to cover the College fees and the Hostel fees to all the visually challenged students admitted this year. It also provided grant to buy sports equipments and musical instruments to conduct sports and to teach music to the visually challenged students and sponsored 10 laptops to the visually challenged persons.

NEW COURSE

The long felt dream of upgrading the department of the Tamil came true with the starting of a Post Graduate Course in Tamil Literature during this academic year. First year M.A. Tamil course was started from this academic year.

THE NEW FACES

Three (3) teachers joined departments during this academic year in Shift-I and thirteen(13) joined shift-II departments.

ADMISSION

The total number of students admitted in the UG programme (both in Shift I and II) stood at 2104 and the PG programme (both in Shift I and II) stood at 620. 98 students have been admitted in M.Phil. More than 42% of the students admitted, belong to the marginalized communities (SC/ST, MBC and DNC).

RESULTS :

In view of the unsatisfactory pass-percentage of UG arts and science- being 74 and 62 percent, respectively the college has taken the remedial and tutorial programme more seriously. English coaching is given separately and the subjects are handled by the departments. This is one of the major concerns of the college. The other results are satisfactory, UG commerce pass percentage stood at 80%, PG Arts 90%, PG Commerce 82%, PG Science 90% and the pass percentage in M.Phil. stood at 81%.

INFRASTRUCTURE:

- TM In July 2011, our College received UGC grant of Rs.48,00,000/- (48 lakhs) for the construction of Women's hostel in the campus. A total sum of Rs.1,08,00,000 /-(Rupees One crore and eight lakhs) had been released so far by UGC for this purpose, and we are trying to get a balance amount of Rs.12,00,000 /-(Rupees Twelve lakhs) from UGC. This academic year saw Girls joining the hostel and it was dream coming true for Loyola girls.
- TM By effectively utilizing the funds received from UGC under various schemes like UGC-BSR, UGC (additional grant) and UGC-CPE, the total number SMART ROOMS in our college has gone up to 14. Almost all the Departments under aided stream have been equipped with SMART ROOM facility.

ACHIEVEMENTS OF FACULTY MEMBERS

MENTORING PROGRAMME:

Like last year, students of the first year went on for choosing the mentor online on 21st July 2011 and the number of students who chose the mentors was more than last year. The departments assigned mentors to those students who did not choose the mentors through online. There were two organized sessions of mentoring during this academic year. First mentoring session took place between 25th to 27th July 2011 and the second mentoring sessions were conducted between January 8 and 11, 2012.

Guidelines were prepared by the Vice-principal for each class taking into consideration their academic needs and the same was given to all the teachers. Many students were able to meet the mentors outside the structured mentoring schedule and benefited from the session.

REMEDIAL PROGRAMME:

SPECIAL ENGLISH COACHING CLASSES: LEADS organizes every year Special English coaching classes for the C-stream and the first generation students. 450 students benefited from this programme. Seven teaching staff from the Department of English conducted the course.

REMEDIAL CLASSES: Remedial coaching and Intensive tutorial classes are conducted every year for the arrear students.

This year approximately 300 students benefited from this programme. Twenty-five staff from shift-I & Shift-II had handled these classes. Intensive tutorial classes also were organized for all the arrear students with an average of 20 hours per subjects

GRADUATION DAY:

The 84th Graduation day was held on 28th January 2012. The Union Minister for Shipping Government of India, **Shri G.K. Vasan** delivered the Graduation day address and distributed diplomas to 1538 candidates. Out of this 63 received gold medals and 22 of them are differently abled students. In this academic year, the award of diploma to M.Phil. students also have been included first time at the graduation day.

FACULTY ENHANCEMENT PROGRAMMES:

The academic year started with the Junior Staff Orientation Programme (6th June to 10th June 2011) and followed by a General Staff Orientation Programme (June 13th & 14th, 2011) for two days. The junior staff underwent an Orientation Programme on Testing and Evaluation Methods for our Junior Staff on 3rd August 2011. There was a demonstration on 'smart class room' and many staff members benefited by the demo on different brands of smart white board. The COE (Controller of Examinations) and the IQAC had organized a one day workshop on 'Question Bank' as part of Testing and Evaluation Methods – Dr. Pon Subbiah, former director of the National Testing Centre, Mysore.

PARENT-TEACHERS MEET :

The first meeting of the Parent-Teacher forum was conducted on 21st July 2011 at the Conference Hall of the JD Block. After a long discussion with the representatives of the parents it was decided to ask the opinion of the parents regarding the fee structure of the students. The Parent-Teacher meeting was conducted on 23rd July 2011 at Bertram Hall at 9.30 a.m. for the parents of shift I students and at 3.30 p.m. for Shift II. The parents who attended the meeting expressed their concern regarding the fee structure and with regard to extra-curricular activities.

The second meeting of the Parent-Teacher forum meeting was conducted on 18th January 2012 at the Principal's office. The Parent-Teacher meeting was conducted on 21st January 2012 at Bertram Hall at 9.30 a.m. for the parents of Shift-I and at 3.30 p.m. for Shift-II. A large number of parents attended the meeting and expressed their views regarding their wards with respect to their studies, industrial exposure, sports, campus recruitment, various club activities and other extra-curricular activities. The parents expressed their wholehearted support and willingness to financially support financially the project, 'School of Business Studies'. Parents' assessment of the infrastructure of the college, staff, quality of teaching, different programmes conducted by the college was also collected in the form of response to a questionnaire. We thank the coordinators of the forum for their support and guidance.

FUTURE DIRECTIONS

1. **Realising the Loyola Master Plan (LMP):** The Loyola Master Plan is being realized steadily. In building itself for its future, Loyola has paid its attention to effective management of human resources and financial management. The Master Plan has clearly delineated different strategies for quality education. Among them, this year we will focus on a) developing capability of our faculty to make them competent teachers; building a Poor Boys Fund to financially assist students from the poor, the marginalized, rural areas and the first generation learners.
2. **Faculty Development:** We will be organizing seminars, workshops and training programmes on competence building – communication skills, teaching methodology, and mentoring. The Staff Development cell has been set now officially and it is organising different programmes in collaboration with IQAC.
3. **Human Resources Management:** This year a study of the state of HR of the college will be done in order that we could relieve or retrain incompetent staff, retain competent staff, and recruit needed competent staff. The study should help us also to a great extent to reorganize the ways we manage the human resources in the college.
4. **School of Social Sciences:** After having established the school of computing sciences, we have now the task of establishing a school of social sciences. A journal is getting ready to be launched. In the coming year, efforts would be made to stimulate research interest in social sciences as we have demonstrated in life, physical and chemical sciences.

5. **Chair on Liberal Arts:** One of our Alumni, Mr. Kaura and his family has funded for setting up a Chair on Liberal Arts. Once the fund is received into our account we will advertise to appoint a scholar and build office facilities for the Chair.

Fund is already received and process has begun

6. **Reorganizing the Financial System:** Recently we made a study under the leadership of Fr Casimir raj on the ways we manage finance in the college. Based on the report given by the committee we have gone for a ERP system. All the units have now been given demo about the software. From the end of March onwards we will use the system that would assist and monitor the ways we use and manage our finance.

7. **Infrastructure:** We must continue to build the infrastructure.

a. **School of Commerce:** the construction of the building will resume once we get deviations in the building plan cleared from the CMDA. The Alumni Association, under the leadership of Fr Casimir Raj, is mobilizing funds for the project.

b. **Canteen & Food Court:** The present canteen building is in dilapidated state. It does not have the capacity to accommodate the strength we have now. Therefore, the whole building needs to be demolished and rebuilt as a Food Court that accommodates all stalls and provides seating facility.

c. **Toilets:** The toilet behind the administrative building has to be shifted to further down to the open space towards the end of the compound. Similarly, the toilet near the canteen has to be shifted to some other place.

d. **Flooring Main Building:** It needs immediate attention. As the present financial status is not sound to divert to this work, we need to raise funds for such works. We are looking for sponsors to do this in this May

e. **Repair of the Ceiling in Bertram Hall:** we are looking for sponsors to replace the ceiling with a better false roof. This May this will be one of the works that will be done.

f. **Refurnishing College Office and the Bursar Office:** the college has seen huge growth and it has multiplied works in the main office. This demands space reorganization and modernization of the system and facilities.

g. **Electricity:** the recent power shortage has resulted in excess expenses on diesel. And we need to replace the Genset that burnt down with a Genset that can provide power to all the buildings, especially the labs, in the time of electricity shut down, we need to have another generator. This has been added in this year budget.

8. **Fundraising:** Different strategies have been evolved to raise funds. The new brochure has been sent to more thousand alumni requesting them to fund our projects and assist our future plans. LDO is playing a key role in this. We must stimulate more effective work on this. Very specially, we aim at building up a Poor Boys Fund from which concessions and financial assistance to the poor students would be given. In the coming year, 2012-2013, this will receive major attention. Both Alumni and LDO would make efforts to realize the Master Plan. As always, the Lord who has been assisting us so far would continue to lead us in His ways to make Loyola a place of quality education that is accessed by the poor and the marginalized.

CONCLUSION:

First of all let me thank God Almighty for guiding Loyola College throughout this academic year and showering His blessings on the administration, officials, teaching and nonteaching staff and students of this great temple of learning.

I express my sincere thanks to Rev. Dr. Sebastia L.Raj, SJ, our Provincial, Rev.Fr. K.Amal, SJ, Rector, Rev. Dr. C. Joe Arun, SJ, Secretary, Rev. Dr. S.Arocikasamy, SJ, Deputy Principal for their constant support and encouragement throughout this academic year to discharge my duties satisfactorily.

I was extremely fortunate to have an inspiring and wonderful band of dedicated officials and staff members to share my responsibility all along this academic year. They stood by me and helped me in every possible way. I profusely thank each one of them.

Finally, thank sincerely our Chief Guest **Padma Shri. Dr. A. Sivathanu Pillai**, Distinguished Scientist & Chief Controller, Research and Development, DRDO, Ministry of Defence, New Delhi and Chief Executive Officer & Managing Director, BrahMos Aerospace, New Delhi, , and our Guest of Honour, **Padma Shri. Dr. V. Mohan**, Chairman & Managing Director, Dr. Mohan's Diabetes Specialities centre & Madras Diabetes Research Foundation, Chennai, for their valuable presence today at the 87th College Day Function.

I take this opportunity to request our guests to address our students and inspire them to envision a bright future, not only for them but also for our nation so as to reach greater heights of glory.

Thank you to ALL

COLLEGE DAY

Respected Chief Guest Padma Shri. Dr. A. Sivadhanu Pillai, Fr. Amal, Rector, Fr. Joe Arun, Secretary, Fr. Jeyeraj, Principal, Fr. Arockiasamy, Dy. Principal, other dignitaries on the dais, teachers, alumni, students, parents and my dear brothers and sisters.

I bring to you warm greetings not only from myself but also from my colleagues at Dr. Mohan's Diabetes Specialty Centre and the Madras Diabetes Research Foundation.

As I sat here listening to the presentation of your Principal, on the achievements of Loyola College, I was filled with nostalgia because it was about 41 years ago that I stood here and cheered to hear at the Loyola College achievements at that time. But even at that time, I remember that it was a pride that I studied in this College and I wish to recollect some of those memories today, mainly to encourage and stimulate youngsters like you who are sitting in the audience today hoping that 40 years later you will be able to come back and make a speech like me, because it is inspiration that we got while we were in Loyola College which has taken us so far in life. So you may ask me: what did Loyola give you ? Loyola gave me almost everything and let me share a story with you briefly and you will realize that I am not saying this just because I am here for this occasion. Loyola had great teachers, Loyola taught me character, Loyola taught me morals, Loyola taught me discipline, it is the most disciplined College at that time and I think it still remains one of the most disciplined colleges.

My class of 1970 – 71, the Pre-University class was the best class ever I have had in my life. It is said from the bottom of my heart, because sitting in that one section of mine, I was in the Science Section and there were twenty two State rank holders. I don't think you can expect that in any College at this time. If you are a boy and a State rank holder you didn't have any other choice in Tamil Nadu but to come to Loyola College and that was our dream to get into Loyola College. The peer pressure that we learnt here, the healthy competition that we learnt here, I think has stood me in good stead throughout my life. But amongst all my teachers - Prof. Wilson is still alive and there are many other teachers of Loyola College to whom I owe my debt of gratitude, but one in particular became a very close friend of mine and if I may say he became my guru and I refer to none other than Prof. V A Murthy. Prof. Murthy was a gem of a human being, a kind of home I have not seen in my life and why do I say that it was Prof. Murthy and Loyola College who made me a doctor and made me what I am today. The Pre-University courses called one year but technically eight to nine months and during that 8-9 months your whole life is made. So I either made it in the merit or didn't make it. That's it. I don't think I would even have that money to pay to go to another private college today. During that time of Pre-University I developed several illnesses, first was jaundice which took

CHIEF GUEST'S ADDRESS PADMA SHRI Dr.V. MOHAN

away a whole month of my postings at Loyola. I just came back for two days and then developed chicken pox and was out for another 2-3 weeks. And then I came back again and got malaria and was down for another couple of weeks and almost two and a half months of those eight to nine months in Loyola College for Pre-University which decides your career and I was at home in bed. So I gave up and I said that I was not even going to take the exam because there was no way and twenty two State rank holders in the class there was absolutely there was no way that I was going to take examination and this all happened not in the beginning of the course but almost towards the end. The whole of December went and January went and in March I had to take the exam. At that time when I joined back into the class and I did not know Prof. Murthy at all except as one of you sitting here and he is a teacher and I had no private interaction with him at that time. When I came for the first day back, I was still thin as you can see and after three major illness I was almost a walking skeleton. I was just coming into the class and Prof. Murthy called me and said 'meet me after the class'. When I met him he asked me what was wrong with me. You were missing for almost two months, what happened to you. Then I broke down and I said, "Sir, I am finished, my career is finished everything is finished all my hopes are gone. And he said "No. Don't give up" and this is what I am trying to tell the young students. Never give up, there is still hope. He said, "Are you ready to sacrifice your lunch for the next one and a half month. If you are willing to sacrifice your lunch for one and a half month I will teach you during that lunch hour and I will make you come up to the rest of the class. And I said, "I will do it for the whole year if you want. I am ready to sacrifice anything. Getting into medicine is my only goal and please help me." For the next one and a half month every single day during lunch hour Prof. Murthy would coach me in Zoology, got Prof. Wilson to teach me. And with that ladies and gentlemen to cut a very long story short I not only passed the exam, I not only got into medicine but I stood 1st in the Madras University. So from a life of almost complete impossibility something I

thought would never happen, he took me to the greatest heights and I stood first in the University and was admitted into not one or two but in three medical colleges. I got into Madras Medical College, I got into St. John's Medical College and I got into GIPMER and I had a choice of three medical colleges. So this was the starting point of a relationship with Prof. Murthy and through him later on to the entire zoology department.

So my advise to you as students would be 'never give up'. There's always hope and that is one of the important messages that I want to give you. Of course you need God's grace which will come if you put in all your effort. The other thing I would like to tell you is, don't just become a book worm. Of course you need to concentrate on studies, your focus should be on studies, that's the primary reason for which you have come here. Looking at the speech that Fr. Principal gave just now, if you look at the range of activities that you have, there is no excuse that this college doesn't offer you an opportunity to broaden your vision to develop your skills. Be it in sports be it in athletics, I was a champion short putter even in school and even in Loyola College. I was part of your athletic team. I played cricket here. I played tennis here. All that I have done during all these illnesses and so on. So where there is a will there is a way.

Today's people find it difficult to give a speech, to stand up and give a talk, to write effectively because all the courses and all the teaching that's going on, with India becoming super power and so on, our youngsters are not able to communicate and if you are not able to communicate you will not make it in life. Just coming first in the University, or getting into a course and so on will not make you a success in life. Some of the most successful people that we had in

Medical College who have won a lot of medals are nothing today in life. After that they disappeared, because they have just been mugging from the book and vomiting it out in the exam and that's not going to take you very far. It might take you through the examination, but in the examination of life, you need to speak, you need to think, you need to be creative and when Fr. Principal mentioned the principles of Jesuit education I think all of them are here and therefore I would say you are extremely lucky to be in an Institution like this. Make full use of it. Look up and aim high even the sky is not the limit.

A few days ago when Sachin Tendulkar was interviewed after he got his hundredth hundred, he was asked what was it Sachin that makes him go on and on others have all fallen along the way and he seemed to go on and on. And he said the very word I thought he would say, it is already mentioned here and earlier part of this meeting today the word passion. Passion is the word. As long as you have passion in you as long as you have in the belly that passion nobody can stop you. And the sky is the limit, you can keep going higher and higher. In fact after he got his hundredth hundred, they asked him, "Now, are you going to retire?". He said, "No I am still not ready to retire because my passion is still there. My body tells me that I can still do more for this country and therefore I will continue."

Of course you should have faith in God and all along we have been hearing the essence of religion or essence of faith in God: surrender to the will of God. In the Bible it is said:

Our Father who art in Heaven hallowed by Thy name,
Thy Kingdom come, Thy will be done"

So we are straight away saying that I am surrendering to Your will and every morning I think of this prayer which I learnt. And I think it is one of the most powerful prayers which everybody should say because Jesus himself has personally taught his disciples to say this prayer. At the same time there is no success without hard work. If you say God will take care of everything and I don't need to do anything you will be a total failure in life. Because only when you work hard the will of God and his blessings will come. Thomas Alva Edison said: 1 % inspiration and 99 % perspiration. So without that 99 % perspiration you are not going to make it in life.

The heights of great men reached and kept, you may go there but you still have to maintain it like Sachin Tendulkar. So the heights of great men reached and kept were not attained by sudden flight. Dr. Sivadhana Pillai is the head of DRDO, people will think he just landed there. They took him in a plane and put him on top of his position. If you see his life, you will see how hard he had to struggle. Behind every success there would have been years of hard work which he put in. So the heights reached and kept were not attained by sudden flight but they while their companion slept, toiled upwards in the night. That's how they got there and that's how they remained there.

All the struggle that you are doing is to look beyond and to look beyond. And that is the second message that I wanted to tell you today. Don't sweat the small stuff. Too much of our time in life, our life is very short. It may look very long for you. But let me tell you that this 40 years have rolled by very fast. Just look like the other day when I was in Loyola College, and 40 years of my life have gone and I am coming back to you again and time goes very fast. During the limited time that you are here on this earth, let us not spend time on trivialities. Let us not spend time in fighting with each other. There is no time for it. Conserve your energy for something bigger. Conserve your energy and that will take you forward. Because if you sweat the small stuff, if you focus on a small print you will miss the big picture. If I focus on the one little chair I miss Bertram Hall and all its grandeur. And therefore see the wide picture, forget the small things. And therefore in life develop that big picture; that big vision and once you do that you find that you are already at a higher level, on a higher plane. You are working constantly to improve yourself and raise the bar higher and higher. If I may be allowed five minutes, I may like to share with you four success stories.

Abebe Bikila was the Ethiopian runner who made history because he won the marathon at the Rome Olympics in 1960. That's not great by itself although he is the first Olympic gold medalist from Ethiopia. That is great by itself from a country where people are starving, this man for the first time a black man comes and wins a marathon in 1960 Rome Olympics. Now that was not enough. Just before the Rome Olympics he was always walking bare foot because he had no money for shoes. So he finally had to run the marathon barefoot.

He was the only one in the whole marathon who ran barefoot and then he wins a gold medal and after he finishes the lap at the Rome Olympics people asked him how he ran barefoot. "Doesn't it pain you?" and then he lifts his leg and shows the big hole in his leg. With that hole in his leg he not only ran the marathon but he also won the marathon and he ran it barefoot. Four years later he comes back. This time he had a shoe. Somebody had given him a shoe and finally he has a shoe. He comes back to the 64th Olympics in Tokyo, wins it again and this time he wins it with such a huge margin. He enters the stadium and other competitors were far behind and he runs two or three extra rounds. People ask him how he did all that. First of all they asked why did he run barefoot in Rome and he said that he wanted the world to know that his country Ethiopia has always won with determination and heroism. He used the word determination and heroism. And then again he won the gold medal and when he was asked if he was not feeling tired. He said, "I can go for another 10 kms if I want because I have the passion in me. The story didn't even end there. He came back again. He was too old by that time. He broke his leg while he was running and then after that he was donated a car. He got into an accident and became quadriplegic which means that his hands are gone his legs are gone and is bed ridden. He can't even sit in his wheel chair. It took him two years for the hands to become alright and the legs were still paraplegic and for life he was paraplegic. He sat in a wheel chair and in that wheel chair took part in the archery competition. He became a world archery champion. These are heights to which an ordinary unknown Ethiopian person, nobody even knew his name, somebody could not even pronounce his name can reach. But that is a human spirit. The second story I want to tell you. A much shorter story about Lans Armstrong. He at the age of twenty five wanted to be world cycling champion. And at the age of twenty five he was diagnosed to have testicular cancer it has spread to his brains. People gave him three months and at the end of three months he would die. Lans Armstrong said, "Nothing doing, I will undergo all my treatment and he did all his chemotherapy and so on and then took up cycling as a major championship and seven years in a row he won that tour de France considered the highest ever cycling championship in the world. Nobody in

the history of humanity has ever won the Tour de France seven times and he did it all after his treatment for cancer.

The third is Garry Hall. Garry Hall's father was an Olympic gold medalist. His uncle was a gold medalist. Everybody in his family is some Olympic medalist and Garry Hall came at the age of twenty one. He took part in the first Olympic games and that time he didn't win the Olympic gold medal he won only the silver medal. Just after that he said, I'll come back for the Sydney Olympics in 2000 and let me try for a gold medal there. One year before the Sydney Olympics he developed insulin dependent diabetics and had to take several injections of insulin. So people wrote him off and said, "You can never take part in competitive spirit. He came back to the Sydney Olympics and this time won gold medal in everything, where he had got silver medals. He came back again and at the next Olympic games four year later he won another two gold medals there.

Wasim Akram is a very close friend of mine now. I go to his house and he comes to my house. He at the peak of his career, when he had already got two hundred and fifty wickets developed diabetics. He was admitted in hospital, and took several shots of insulin. He even carries insulin pen when he goes out for a dinner. He will have it on his table and he'll say there's nothing to be afraid about. During dinner he will take his own insulin shot. That man, half his career was after he got diabetics and not before. So these are all true stories to tell you if you think that something is possible it is possible. On a last note, I would like to quote my own guru and master Bhagwan Sri Sathya Sai Baba. Baba said and I quote: when there is righteousness in the heart, there is beauty in character, when there is beauty in character there is harmony in the home, when there is harmony in the home there is order in the nation, when there is order in the nation there is peace in the world. So everything starts with righteousness in the heart. That's what Loyola College is teaching you. If you are a righteous person, if you believe in righteousness, I think that is the secret for world peace.

Forty years earlier when I studied in Loyola College I was full of hopes, full of dreams and I must say that all those dreams came true. In fact that is one secret which I'd like to share with you. I'd like each and everyone one of you sitting here today, to believe in what I am telling you. This is the magic of believing. Go home today and before you go to bed take a piece of paper and write down ten things that you want to achieve in your life. Write down just one, two, three, four and five, ten things and prioritise them. If I wanted ten things in my life this is what I'd do. If you write down that list, if you make that list and make that list of ten and if you believe in it and if you focus on it then the whole of nature will conjure to make it happen. I made ten things like that when I was a student in Loyola College. And I can tell you that I have ticked off all the ten. All the ten have happened. I remember Wordsworth's word, in the poem The Daffodils

*I gazed - and gazed- but little thought
What wealth the show to me had
brought: For oft, when on my couch I lie
In vacant or in pensive mood,
They flash upon that inward eye
Which is the bliss of solitude;
And then my heart with pleasure
fills, And dances with the daffodils.*

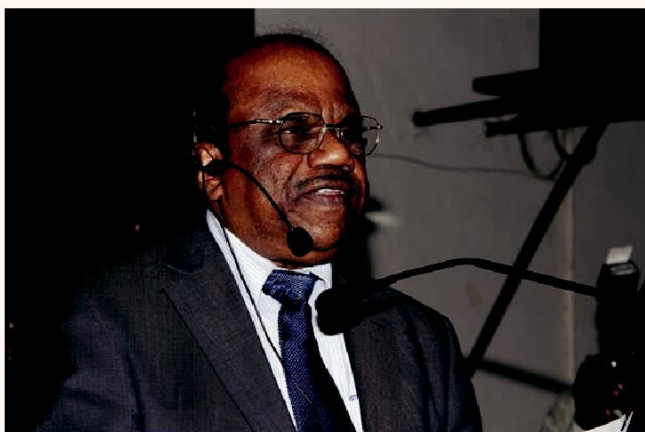

By wealth he is referring to the Daffodils. I am referring to the knowledge, the character and so on you pick up in Loyola College. But I think the pleasure fills with all that you have done in life, with all that you have achieved in life and I think for that foundations come when you are young. The tree cannot be bent after it has become a huge tree but when it is a sapling. The great teachers that you have here in the great portals of this Institution I am sure will inspire you to achieve all your dreams. And I pray to the almighty to bless all of us and all of you.

COLLEGE DAY

CHIEF GUEST'S ADDRESS

PADMA SHRI Dr.A. SIVATHANU PILLAI

My greetings to all of you. I am indeed honored to participate in the 87th College Day Celebrations at this magnificent Bertram Hall. I feel proud to be in the prestigious campus of Loyola College which I was dreaming to come for several years which has started its education service in the year 1925. This premier institution provides students with the best quality knowledge and pass a niche in the value based education system so that the trained young men and women will be of quality leaders in all walks of life. Many eminent personalities are the alumni of the Institute.

Former President Venkatraman, Architect of India's operation flood Dr. Varghese Kurian, great economist Rangarajan, Journalist Ram all belong to this college. The list goes on. Some more names are going to be printed in our speeches from the people who are sitting here as students. Loyola College has taught us love. And also it is an Institution recognized as a Scientific and Industrial Research Organisation called SIRO. The Institution takes multi disciplinary research activities and the type of research which they are doing which I happened to discuss is of great importance and published in magazines and journals like "Nature" which is a very well renowned journal of the world. Experience of research leads to quality teaching and quality teaching imparted to the young in turn enriches the research. Innovation is the main component of the quality research and is required for any country if we want to excel. If India has to excel we need many Loyola Colleges. Hence I would like to address on the topic " Innovative Young Minds: empowering India for global leadership.

You know there are many technological advancements happening in India, you will be seeing in the defence area, in robotics, in space. When we take a cell phone or talking to somebody, the person will appear in front of you in a holographic form. That's what is going to happen. The brain will be replaced by a chip. So you can replace anybody's brain into another person's brain. That is possible. Cars will be without drivers. You load the GPS data, roads are all lined up. The road regulations are known to the car. You just sit in the car and read, the car will take you to the place where you want to. The cars can use the petrol or electricity as it likes.

Then the major problems of the human body can be solved by stem cells. Stem cells are within our body only. We have seen

recently in the L V Prasad Eye Hospital more than 100 visually challenged people were cured and they could see. That was done by stem cell injection. You want to go faster, if you want to reach to a place faster, the future is quantum transportation. And then the eco villages and quantum computers, medicines for dreaded diseases, given in the right dose in the right place. There are new things emerging in the world. You are going to see such a world.

There are marvels in the early world which we are not able to repeat. For example the Kallanai of Trichy. You know it was constructed by Karikalan 2000 years before. Nobody can do again the same Kallanai. They don't know what was the technique used by our people at that time to make it. You know there is an iron pillar in Delhi, it is just wrought iron. But there is no rust: why nobody knows why there is no rust. This Nataraja of Chidambarram panchaloga was done by a casting called investment casting which is the latest technology. But our people have done it 1000 years before. You see in temples the stones, you tap the stones: you get sa re ga ma pa. Can we do it now ? It is not possible. So even though world is changing we are also seeing marvels our people have done. But then why we are like this today in India? India's prosperity: why did it come down. India gave Mathematics to the world. India gave medicine to the world. India gave surgery to the world. India gave algebra to the world. India gave cosmology to the world. Everything was given by India 5000 years or two thousand years before. But in the last two thousand years, we were invaded, successively invaded by many and all our wealth have gone and we did not participate even in the Industrial Revolution of the west and we have been put down as a developing country instead of a developed country. That's the situation.

Our prosperity has come down and now we are climbing up during the information age and we entered into an age called knowledge age. India dominated when it was knowledge age. Again the knowledge age has come and what is required for knowledge age people. What type of people are quality people? What quality people are skilled quality people? Where are they ? They are sitting here. So that is how, if you generate skilled people in large numbers then again India will be the winner. Is it possible ? Yes. We have got 580 million youth today below 35 years. Only India has got. China may be having more population, but youth is only in India. This youth population can completely transform our country again and put at the top in the world. That means global leadership in India is not a dream. It is possible. Where is it? It is with the youth. They are sitting here.

Now can we do technologies in this country? We have seen some of the technology areas where we have taken as a mission mode. We are successful. For e.g in 1942 we were suffering for food. 50 Lakh people died at Bengal for want of food, in 1942. Even in the 60s we were waiting for the PL480 wheat ship to come from USA. That was the situation. Mr C Subramaniam who was the Food Minister had a vision to start Green Revolution. Today we have food. We are producing more than 320 million tons of food grains. In India we are making and we have launched the Green

Revolution – II which will take us to 400 hundred million tons of grains. That is what we are aiming at. So food is the basic requirement and the problem is being tackled. But food is not reaching the people. That is distribution. So we should have a proper distribution so that food reaches the people. Milk was not available before independence, a very rare commodity but of nutritional value. Dr. Varghese Kurian who studied in this college started a program for cooperative movement for milk. And now today, India is the largest producer of milk in the world. We are producing nearly 88 tons of milk. We are producing and it has no religion. There is no caste. Everybody drinks the same milk. Like this Green Revolution, Operation Flood then power generation, communication, strategic missiles then space research in all these things we have excelled because of the unified movement called Mission Mode approach.

Now you see how you make a country great. I think I would like to tell all the youngsters and the parents you should know today in the world only five countries are great countries. Only five countries, they are members of the Security Council: USA, Russia, UK, France and China. Five countries who have got the intercontinental ballistic missile, who have the nuclear weapons. They are the members of the Security Council. China has got a place there. India and Pakistan have exploded experiments they have conducted. But they are not the permanent members of the Security Council. They have got the veto power. So you are considered powerful, when you are having weapon. Why do you need weapon ? To protect the country. Why do you protect our country? 2000 years we were slaves. You want to be slaves? So you cannot be slaves. We don't want war. But if you are not strong, you are attracting war. That is why we need these weapons.

Dr. Homibaba, said that we must have a nuclear energy program. So he is the father of the nuclear energy program. He made a nuclear India. Today we are looking at nuclear as the energy. It has got a high potential for energy and we are working on how to improve our energy requirement. You know you have so much of power cut. So if you want to solve, you have no other way except going for nuclear. But we have to make it safe. But nuclear is not just for the weapon. Today the doctors do diagnosis done by nuclear energy. All the equipments you are seeing, isotopes for treatment, non invasive imaging techniques, radio pharmaceuticals all these things are part of nuclear energy. Similarly what you are seeing here is the world's first rocket. When we say a space program, the man has landed on the moon. Neil Armstrong has landed on the moon. How did he land on the moon ? He had a rocket. Who invented this rocket ? India invented the rocket. Tippu started using rockets. In the second war he used more than 6000 of these rockets which were made at Srinrangapattinam near Mysore and in the war he defeated the British. But the British took away these rockets. Our rocket is in London but with a caption that this was the rocket first ever used and it was used by Tipu in 1792 and the British were defeated. The British themselves have written this. And so they have acknowledged. Only in India people don't know. Otherwise India was the inventor of rocket and that spread to Europe. From Europe it went to Russia and America. And that is how Neil Armstrong landed on the moon.

Dr. Vikram Sarabhai started the space program for India and for the development we have many rockets called the PSLV, GSLV and we have got many satellites in the orbit. These are all very important things for our life. Everybody has got mobile phone today because of these satellites. These are the remote sensing satellites called cartosat launched by the polar satellite launch vehicle.

Similarly, you have communication. The television: you are watching 24 hours television because of these satellites. You are watching telemedicine: that means a hospital which is not having a super speciality doctor can get the advise directly from super speciality hospital. For e.g Port Blair. There is only one MBBS doctor. He is attached to the Ramachandra Hospital here. So they are in line. All the data are transferred here. Super speciality doctor advises the whole Andaman Nicobar.

Similarly classrooms: tele-education. People who have not studied. Satellite is reaching their homes. Tele- health, tele-surgery, a doctor in New York recently carried out a tele surgery to a patient in Paris. Patient is in Paris, he is doing the operation but sitting in New York through satellite. That is called tele-surgery. Very successfully he did the gall bladder surgery. That means doctors can be anywhere. But you need the facilities at the place where you do it. That is called the robotic surgery. Similarly the weather data, cyclone, Tsunami coming. How do you know? You know through the satellite. Now recently one big development has happened in India. 473 village resource centers have been created. That means it is going to the place where the people can use the satellite information. For e.g I know my place, I am from Kanniyakumari District. The fishermen, when I went and saw them, before they go for early morning fishing they see the pictures in their resource centre where fish is available. They can find out from the satellite. Then they go to that place. They will take the big catch they have got. From there they take the mobile phone and do the business who will give more money. You see mobile communication and satellite remote sensing how is useful to a fisherman. So that is the type of application you have.

Then we send a satellite to the moon, you know Chandrayaan. Our satellite was the first to tell that moon has got water. That's why every time we do something, we do something different. Now we have got a big plan. Having achieved a big mission, now the second Chandrayaan is going materialise. It takes the material and sends you what type of resources the moon has got. But later we need man to go to moon for that you have to have first manned missions. Man has to be sent to the space and bring back and then we should finally land him on the moon to a factory. Why we need moon mission, Indians are working on the moon. Earlier days nothing was there. We say thiraikadal thedi and thiraikadal odi. Now we have seen all places in the world. Now we have to go out of the space and look for it. So this place moon, has got very rare material called helium3. This material is available in abundance on the moon's surface. If you can bring back, that is going to be the future energy source. That is why the basic research today has been tuned how to use helium 3 to generate energy. It is very powerful material. That is why the people are interested and seven countries have already planned to settle on the moon. Regionwise they want to go there and want to take material and bring back.

Now let us see the war scenario. This is human centric warfare. The number of people more means the king wins the war. But later in the world war it became platform and weapon centric. Rockets came in, big rockets. Military satellites, planes, bombers, cruise missiles, nuclear submarines, all started coming in. But the future warfare is called the network centric warfare. It is difficult to understand but what I am trying to highlight is when we in the future, we have got a warfare called cyber warfare, you talk about information, so information warfare will become a very important thing. Also information becomes one element, it connects all the hardware. If you are having weapons, satellites, platforms everything can be networked and with minimum use you can give maximum damage to the enemy. Maximum damage is not killing the people; to remove all important assets. That is what the future war is. That is where the intelligence is required and youth power has to be used in the intelligence work. Now India needs power. I told you about the nuclear energy but you need power to take the nuclear payload to a distance, the enemies' place, missiles have to come. This is a derivative of rocket technology.

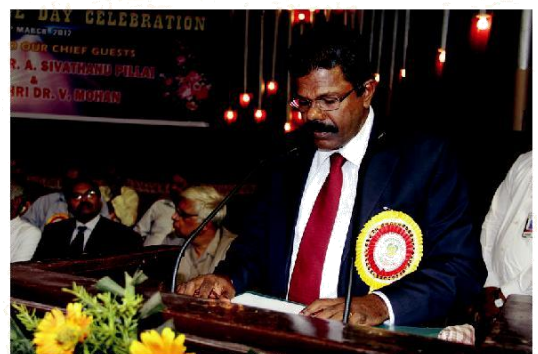

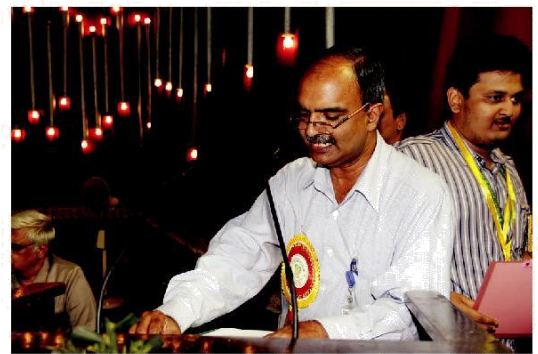

Today India has critical re-entry technology. That was proved in the Agni. When all people launched missile they are called ballistic missile, if you throw a stone how a stone travels that's the trajectory the missile will take. And all the world they have done like this. We are doing a maneuverable trajectory. First time in the world it was done in India. That is what I am saying. Our minds are great minds. The youth sitting here, after studying in Loyola College, they are not small minds. Your minds are powerful. But you should know you are powerful. If you think I am a dull guy, you'll be a dull guy. If you think I am a great, you will be a great guy. That's the difference. It makes all the difference to you. We are a protected nation. Once you are a protected nation all developments will happen. Peace only can bring progress. These are some of the contributions from the Institutions, they have found out how to do the re-entry mission and how to develop a super computer. It was all developed by young people.

We are conceptually different. Now other countries are also bringing out the 3 dimensional things equal to what we have done. But we have done it nearly twenty years back. Then sanjeeveni is a device used to identify the movement of the submarine in the water. That we have used in the earth quake of Gujarat, saved lives. So it can measure sound vibration of the acoustics upto 30 mtrs. So we could save many lives. This is in the disaster management authority they have got with them.

This supersonic cruise missile what we have developed flies at a speed of 3 times faster than sound. What is the advantage of being faster. If you go fast you can finish of the enemy reaction time. We have high precision missiles. This is land to land missile in Pokran. So today in the whole world we are now leading as No. 1 in the cruise missile, because we could hit a target at less time, no reaction time and high kinetic energy. American and European missiles, all are behind us. So if there is a will there is a way. So you have to become global leader.

Why I thought of telling this to you is because Loyola is a Research Institution, I have seen some of the world level researches being done here.

But we need knowledge for that. That is why knowledge people are required. 580 million people whom we are having India has got advantage and the world says India will have the top, high quality, high strength.. This is world analysis. We are the top most people to have high quality and more man power. And we should give to the globe our man power. The man power should be everywhere in the globe and beyond the globe on Moon , on Mars. So that type of people we have to create and education with research. Of all the things you need education with value system. And then you will see, India becoming the leader.

Of course, in Tamil Nadu, we can never forget Veerama Munivar for his contribution to Tamil literature and his tireless work among the poor and downtrodden in the region of south Tamil Nadu. They all reached out to people's needs and that is the reason that made them great.

On this great occasion, I wish to state that the Loyola family is a part of a great tradition.

Loyola has been growing from strength to strength over several generations. Their latest addition, "Loyola--IACM" Engineering Institution is yet another feather in their cap with LIBA and the Teachers Training Institute. I only wish and pray that this grows into a University of Excellence in the years to come.

Swami Vivekananda said: "We want that education by which character is formed; strength of mind is increased, the intellect is expanded and by which one can stand on one's own feet. Education is the manifestation of the perfection already in man."

Our educational institutions have to play a key role in preparing young adolescents to confront the challenges of life since it is here that their attitudes are to be fine tuned so that their transformation to adulthood is smooth.

In the Indian ethos, search for knowledge is deeply ingrained. The quest for knowledge is critical for understanding the self, the society around us and also

the universe. A verse from the Upanishads 'tamaso ma jyotirgamaya', which means lead me from darkness to light, reflects this approach.

Speaking at Allahabad University in 1947, Pandit Jawaharlal Nehru said: "A university stands for humanism, for tolerance, for reason, for progress, for the adventure of ideas and for the search for truth. It stands for the onward march of the human race towards even higher objectives. If the universities discharge their duties adequately, then it is well with the nation and the people." His ideals have been the guiding force behind the evolution of our educational system.

The Government of India came out with the National Education Policy, 1986. The policy emphasised the role of education thus: "Education is a unique investment in the present and the future. This cardinal principle is the key to the National Policy on Education."

The policy urged that in the context of the unprecedented explosion of knowledge, higher education had to become dynamic as never before, constantly entering uncharted areas.

Education can play a positive role in decreasing social disparities. Dr. B. R. Ambedkar, the Chairman of the Drafting Committee of our Constitution said: 'I firmly believe in the efficacy of education as a panacea for our social evils.'

When India became independent, we had only 20

Universities and 500 Colleges located in our country. There were only around a hundred thousand students enrolled for higher education. The number of women who graduated every year were just about a couple of dozen. The evolution of our educational system in the following decades was a result of the policies which reflected the aspirations of the people.

At present there are 544 universities and university-level institutions. There are 31,324 colleges including approximately 2565 women's colleges. At the beginning of academic year 2010-11, the total number of students enrolled in the universities and colleges has been reported at 146.25 lakhs, out of which enrolment of women students was 60.80 lakhs constituting 41.60% of the total enrolment.

With high quality education getting increasing attention, the initiatives of the UPA Government like the enactment of the Right to Education Act to ensure inclusive growth of all sections of the society demonstrate the thrust being given to the field of education. Keeping in mind the need to provide adequate funds for higher education, the budgetary allocation has been raised by about 11.5 per cent from 72,90,00,000 in 2010-11 to Rs. 81,21,00,000 in 2011-12,

Dear students, as you earn your degrees and take up careers in India and abroad, you should not stop the pursuit of educating yourselves. You should enrich yourselves by updating your knowledge and also by learning from experience.

“Man is neither mere intellect, nor the gross animal body, nor the heart or soul alone. A proper and harmonious combination of all the three is required for the making of the whole man and constitutes the true economies of education”, said Mahatma Gandhi.

Since harmony and unity with the universe can best be realised through the purification of the mind and soul, our educational system aims to promote harmonious relationship between both the inner and outer dimensions of the individual and his environment.

The aim of our educational system is aptly summarized in the philosophy adopted by Loyola College, which says, “Education does not lie in the quantification of knowledge. But it lies in the quality of knowledge that helps form the character of students.” With a strong belief in this philosophy the college has been able to ensure that the students who graduate from here become competent, committed, creative and compassionate citizens of our society.

The values imparted by our educational institutions no doubt stand our students in good stead in their professional life. As a testimony to this fact, the founder of Microsoft Corporation Bill Gates has gone on record that 20 per cent of software developers and engineers at Microsoft are Indian professionals who are known for their honesty, sincerity and hardworking nature.

ADVANCED ZOOLOGY AND BIOTECHNOLOGY

1.0 STAFF WELFARE /ACHIEVEMENTS

1.1. ADMINISTRATION

Dr. Albin T. Fleming, Head of the Department
Prof. T. Ambrose, Coordinator, Medical Lab Technology
Dr. M. Selvanayagam, Coordinator, Biomedical Instrumentation Science

1.2 ADDITIONAL DEGREE(S) AQUIRED

Dr. B. Velmurugan Ph. D

1.3 NEWLY APPOINTED STAFF

Dr. M. Raja Date of joining: 15th June 2011

1.4 NATIONAL AND STATE LEVEL CONFERENCE/SEMINAR/WORKSHOP CONVENED

1. **Dr. S. John William** organized a seminar on skill based course on poultry on 5th March 7, 2012 at Loyola College, Chennai.
2. **Dr. S. John William** and **Dr. Albin T. Fleming** organized hands on training on commercial livestock farming for III B.Sc., Zoology students on 13th – 15th February 2012 at Loyola College, Chennai.
3. **Dr. S. Vincent** organized a National conference on “E-waste management using biological tools and eco-friendly approach” on 8th & 9th March, 2012 at Loyola College, Chennai.
4. **Dr. M.C. John Milton** organized a National Level instructional Workshop on “bioinformatics and Computational Biology” on 21st to 25th February, 2012 at Loyola College, Chennai.
5. **Dr. S. John William** organized a National Conference on “Environmental Protection and Management” on 29th & 30th August, 2011 at Loyola College, Chennai.
6. **Dr. M.C. John Milton** organized a National Level Training cum Workshop on “Recent Trends in Animal Taxonomy and Systematics” from 23rd February to 26th February, 2011 at Loyola College, Chennai.
7. National conference on “Green Energy for Sustainable Development” was organized on 7th and 8th of January 2011 at Loyola College, Chennai.
8. National seminar on ‘E-Waste Management’ on Mar 18th 2011 at Loyola College, Chennai.
9. **Dr. M.C. John Milton** organized a DBT Sponsored Short Term Training Programme on “Methods and Protocols for Practical Biotechnology” from 14th March to 3rd April, 2011 at Loyola College, Chennai.

1.5. BOOKS EDITED/PUBLISHED

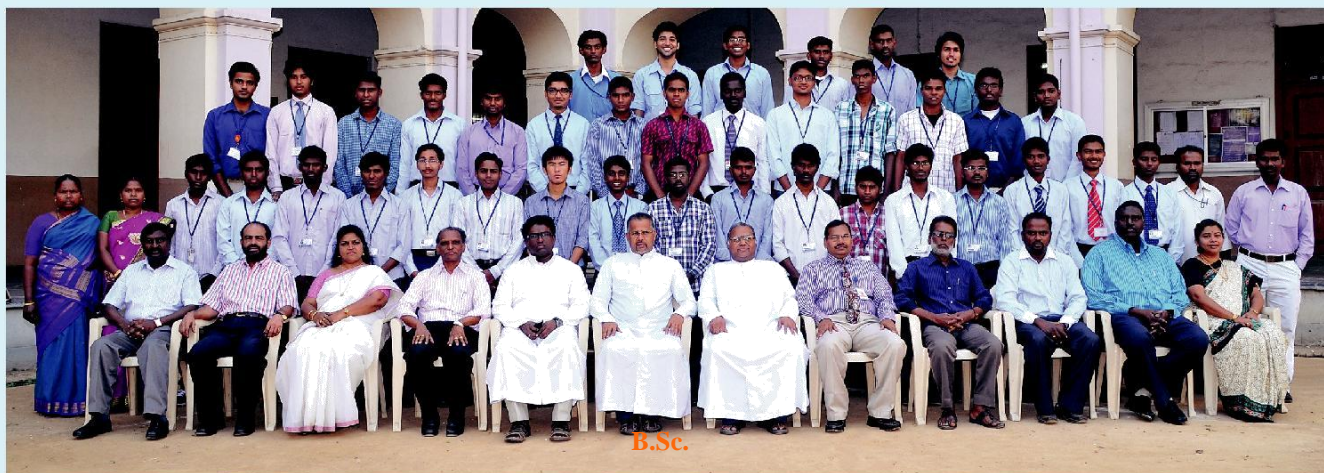

1. **Dr. M.C. John Milton**, Perspectives of Animal taxonomy and systematics, 2011
2. **Dr. M.C. John Milton**, Training Manual on Methods and Protocols for Practical Biotechnology, 2011
3. **Dr. M.C. John Milton**, Training Manual on Bioinformatics and Computational Biology”, 2012.

1.6 SEMINAR /CONFERENCES/TRAINING PROGRAMME ATTENDED

1. **Dr. M. Raja:** 1. “Psycho-Pedagogy for college teacher” on March 2012 organised by Loyola B.Ed College and Loyola College at Loyola B.Ed College, Chennai, 2. National Conference on “Environmental Protection and Management” on 29th & 30th August, 2011 at Loyola College, Chennai.
2. **Dr. B. Velmurugan:** “Psycho-Pedagogy for college teacher” on March 2012 organised by Loyola B.Ed College and Loyola College at Loyola B.Ed College, Chennai.
3. **Dr. M.C. John Milton:** 1. National workshop on “Development of an alternative laboratory curriculum in Zoology to replace dissections and experiments with humane techniques” 25-26, November, 2011, Department of Zoology, Stella Maris College and Mahatma Gandhi Doerenskamp Centre, Bharathidasan University, Trichy., 2. Workshop on “Quantification of Biomolecules” on 8th December, 2011 at Eppendorf Training Centre, Eppendorf India, Chennai. 3. Workshop on “Recent Advances in Proteomics” on 21st December, 2011 at National Institute of Ocean Technology, Chennai.
4. **Dr. D. Sudarsanam:** 1. National conference on Environment protection and Management, August-29-30, 2011, 2. Golden Jubilee celebration of ZSI Chennai 50 years of Taxonomy Excellence 22nd July 2011, coordinator for oratorical and painting competition.

1.7. REFRESHER COURSE ATTENDED

1. **Dr. M.C. John Milton:** Refresher Course in Environmental Science (Interdisciplinary) Batch – XIII, UGC Academic Staff College, University of Madras, 6th – 26th September 2011.

2. **Dr. K. Thresia Mathews:** Orientation course Batch 101, UGC Academic Staff College, University of Madras, 2nd – 29th September 2011.
3. **Dr. M. Raja and Dr. J. Janci Arockia Rani :** Orientation programme for newly recruited staff on 10th – 14th June 2011 at Loyola College, Chennai.

1.8. PAPER PRESENTED IN SEMINAR/SYMPOSIUM/CONFERENCE

1. **Dr. K. Thresia Mathews:** National seminar on threats to biodiversity an urgent need for sustainable management on 13th and 14th October 2011 at River research centre, Thrissur.
2. **Raja, M. and John William, S.** 2011. A tool of biotechnology for sustainable agriculture and rural development. National Conference on Environmental protection and Management on 29th & 30th August 2011 at Loyola College, Chennai.
3. **Dr. D. Sudarsanam:** Global Impact of *Climate change on environment*- National conference on Environment protection and Management, 29th and 30th August, 2011. 2 Bio computing technology at Academic staff college refresher course on computer science, 29th November, 2011, 3. "Basics of Molecular Biology and Bioinformatics"- National Level Instructional Workshop on "Bioinformatics and Computational Biology" 21st to 25th February, 2012 at Loyola College, Chennai.

1.9. RESEARCH PROJECTS (ONGOING)

1. **Dr. P. Venkatesan:** Pilot study on water bugs a bio agent in controlling vector mosquitoes for environmental safety, Department of Science and Technology, 2011-2013.
2. **Dr. M. Selvanayagam:** 1. Genotoxic and Cytotoxic Biomarkers studies in different species of fish in Pulicat Lake, UGC, 2010 -2013, 2 Studies on the Coastal ecosystem at Kalpakkam with reference to biodiversity-IGCAR, 2010-2013.
3. **Dr. S. Vincent:** 1. Online Prediction and Emergency Response Management of Vector borne diseases (*Chikungunya and Dengue*) and Swine Flu for Urban and Rural Areas of Tamil Nadu State Using Customized Web based GIS application, 2. Spatial Distribution of Genetic Diversity of Traditional Farmers Varieties- A Pilot Study from Nagapattinam District of Tamil Nadu, 3. Ecosystem Modelling approach to generate habitat suitability for some endemic and rare fish species in estuaries of the east coast of Tamil Nadu, 4. Studies on Extracellular Polymeric Substance Excluded by Radiation Resistant Bacteria for the Purpose of Heavy Metal Detoxification and Bioaggregation.
4. **Dr. M.C. John Milton:** Persistent Organochlorine contamination of Pallikaranai swamp, Chennai, Tamil Nadu, India and its implications on biodiversity, UGC Major, 2011-2014.

1.10. RESEARCH PUBLICATION IN NATIONAL / INTERNATIONAL JOURNALS

1. **Raja, M., Vasantharaj David, B. and John William, S.** 2012. 1. Population Dynamics Of Key Insect-Pests Of Cabbage In Different Agro-Climatic Regions Of Tamilnadu* (Accepted in Indian Journal of Entomology, 2012)., 2. 2.0 RESEARCH SCHOLARS WELFARE AND ACHIEVEMENTS

2.1. CONFERENCES/SEMINARS/SYMPOSIUMS/WORKSHOPS ATTENDED

1. Ganesh J. Attended the workshop on Seagrasses and Seagrass Mapping Using Indian Remote Sensing Satellite Sensors held on 13 to 18th February 2012 at CAS in Marine Biology, Faculty of Marine Sciences, Annamalai University, Parangipettai.
2. **Uthiralingam M**, G. Justin Zenith Kumar, R. Azhaguraj and J. Ganesh, attended the National Level instructional Workshop on "bioinformatics and Computational Biology" 21st to 25th February, 2012 (5 Days) at Loyola College, Chennai -34. 2. attended the National Level Training cum Workshop on "Recent Trends in Animal Taxonomy and Systematics" from 23rd February to 26th February, 2011 (4 days) at Loyola College, Chennai -34. 3. attended the DBT Sponsored Short Term Training Programme on "Methods and Protocols for Practical Biotechnology" from 14th March to 3rd April, 2011 (21 days) at Loyola College, Chennai -34.
3. Azhaguraj, R: Attended in one-day workshop on Frontiers in Materials Science held on 11 February 2011 at RKM Vivekananda College, Chennai-04, 2. Attended in two days workshop on Advanced Analytical Techniques for Materials Characterization held on 19 &20, July 2011 at SRM University, Kattankulathur, 3. Attended the 98th Indian Science Congress held on 3-7 January 2011 at SRM University, Chennai.
4. Justin Zenith Kumar, G., **R. Azhaguraj** and **J. Ganesh**, Louis Cojandaraj, attended one day workshop on "Recent Advances in Proteomics" on 2nd December, 2011 at National Institute of Ocean Technology, Chennai.
5. **Azhaguraj R. Ganesh J.** Attended the International Conference on Frontiers in Pharmaceutical Chemistry And Biologics - An Interdisciplinary Approach held on July 29&30 2011 held at Women's Christian college, Chennai.
6. **Azhaguraj R.** and Louis Cojandaraj, attended the National level Conference on Aquatic Biotoxins- 2011 held on 14-16, September 2011 at CAS in Marine Biology, Faculty of Marine Sciences, Annamalai University, Parangipettai.
7. **Azhaguraj R.** and **J.Ganesh**, attended the National Seminar on Current Trends in Biotechnological Strategies for Eco friendly Crop Protection held on 16&17 December 2011 at University of Madras , Chennai, 600 116.

2.2. PAPER PRESENTED IN CONFERENCES/SEMINARS/SYMPOSIUMS

1. **Azhaguraj, R.**, J.S.I. Rajkumar., J. Ganesh., Uthiralingam, and M.C. John Milton. Predication of Pesticide Toxicity- By Using Pass. Paper was presented in the National Conference on Environmental Protection and Management held on August 29&30, 2011 at Loyola College, Chennai -34.
2. **Azhaguraj, R.**, J.Ganesh and M.C. John Milton. Ecological interactions between Red Seaweed *Hypnea musiformis* (Wulfen) Lamour, (Rhodophyceae – Hypneaceae) and its phytal fauna in Pulicat lake. Paper was presented in the National Seminar on Cyclonic changes and its impact on Marine Biodiversity held on 9 &10 February at VHNSN College, Virudhunagar- 626 001.
3. **Azhaguraj, R.**, J.Ganesh and M.C. John Milton Diversity and Distribution of Phytal Fauna associated with the alga *Chaetomorpha aerea* (Dillwyn) Kutzing, (Chlorophyceae - Cladophoraceae) in Pulicat Estuary. Poster was presented in the National Conference on Recent Advances in Algal Biotechnology(NCRAAB 2012)held on 16 & 17 FEBRUARY 2012 at Centre for Advanced Studies in Botany, University of Madras, Chennai - 600 025.
4. **Azhaguraj, R.**, J. Ganesh and M.C. John Milton. Diversity and Distribution of Epifauna associated with the alga *Hypnea musiformis* (Wulfen) Lamour, (Rhodophyceae – Hypneaceae) in Pulicat Estuary. Poster was presented in the National Conference on Recent Advances in Algal Biotechnology (NCRAAB 2012) held on 16 & 17 FEBRUARY 2012 at Centre for Advanced Studies in Botany, University of Madras, Chennai - 600 025.

2.6. RESEARCH SCHOLARS WELFARE AND ACHIEVEMENT

Saranya J. (09PZO-025): Tamil Nadu State Council for Science and Technology, Sponsored M.Sc., Stem cell project and awarded second prize for the best research presentation, June 2011, to

3.1. ZOOLOGISTS' ASSOCIATION OF LOYOLA COLLEGE (ZALC) ACTIVITIES

President & HOD :Dr. Albin T. Fleming, Secretary: Joshua S(09-AZ-055), Cultural Secretary: Asiem Sanyal (09-AZ-034), Sports Secretary:Yesuraja (09-AZ-035), Joint-Secretaries :Bertrand Home (10-PZO-02), Maria Theresa Albina (10-PBI-01), Sajeef Anto. M (10-PML-18)

3.2. ZALC ACTIVITIES 2011-12

1. The formal Inauguration of ZALC took place on **5th August, 2011**, with **Rev. Fr. Dr. S. Ignacimuthu S.J., D.Sc.** as Chief Guest for the Inaugural function. He held the Investiture Ceremony and shared his views on 'The Role of Pesticides' for the Staff and Students community.
2. On **9th December, 2011**, the Association held its Annual Extravaganza namely '**CHIMAERA '11'**', invited about 10+ colleges and conducted 7+ On & Off stage events. In which Stella Maris College emerged as Overall Champions followed by Meenakshi College in the Runners – up category. The Honorable Chief Guest **Prof. Dr. S. M. Chandramohan, M.S, M.Ch., FACS., Prof & Head - Department of Surgical Gastro Enterology, MMC** presided over the function and delivered his Festive Address.
3. **Christmas Day celebrations** were organized by the Association on **20th December, 2011**. Carol Singing, Staff talk- Sharing the Joy & Cake distribution was part of the function. This turned up to be a big fellowship among the Department.

3.3. AWARENESS CAMPS/ CAMPAIGNS CONDUCTED

1. “National Coastal Cleanup in collaboration with South Asia co-operative Environment Programme (SACEP), UNEP and Indian Coastal Guard at Marina on 17/ 09/2011.
2. “Coastal Cleanup at Thiruvanmiyur Beach at 5/02/2012 in collaboration with Chennai tracking club Chennai 600041.

3.4. ENDOWMENT LECTURE

Dr V.A. Murthy, Dr V. Mohan and Rev. Dr Joseph Inchakal endowment lecture on “Art of life” by **Dr. R. K. Altaff**, Principal, The New College, Chennai on 07th March 2012 at Smart class room, Department of Advanced zoology and biotechnology, Loyola college, Chennai- 34.

3.5 PARTICIPATION IN SEMINAR / SYMPOSIA / CONFERENCE/ WORKSHOP

1. **JAYA DIVYA(10-PZO-06)** :Recent Trends in Basic Sciences organized by **MARGREETA (10-PZO-022)** Frontier Mediville (SEZ) & Dr. Mohan's Diabetics Centre – Gold medal lecture by Dr. Balakrish Nair
2. **SARALA. T (10-PZO-026)** : Recent Advances in Proteomics in NIOT
MARIANESAM. N (10-PZO-016)
KRISHNA PRIYA. M. VARIER (10-PZO-08)
3. **R. RITA SEKHOSE (10-PZO-03)** : International Conference Frontiers in Stem cell research and in Regenerative Medicine, organized by Madras Veterinary College
C. DAWCHE (10-PZO-017)
4. **KHANMI KASOMVA (09-AZ-046)** : National Workshop on Bioinformatics Techniques in Drug Designing at St. Joseph's College, Bangalore
5. **RAVI KUMAR. R (09-AZ-058)** : Interned at IISC by IAS, Bangalore & NAS, Delhi at the Dept. of Biochemistry- Plant Virology & Enzymology on Biophysical & Biochemical characterization from *Salmonella typhi*
6. **ALOKNATH MOHAPATHRA(09-AZ-057)** : Attended Workshop on Immunohistochemistry by Triesta reference Lab(HCG), Bangalore
7. **CHARLES LALNUNFELLA (09-AZ-005)** : Attended Workshop on Nanobiotechnology conducted by School of Interdisciplinary Science & Technology, IIT, Pune
8. **ASIEM SANYAL (09-AZ-034)** : Interned at NIBMG, Kolkata as part of the prestigious Indian Academy of Sciences fellowship
9. **TARUN SURI (10-AZ-010)** : Interned at Espresso films on Film Making

3.6. STUDENTS ACHEIVEMENTS

1. **Asiem Sanyal (09-AZ-034)**: Selected as British Council's International Climate Champion 2011, representing India among 17 members.
2. **Jaison, J (09-AZ-021)** : Received Loyola Environmentalist Award for 2011, instituted by SECNARM.

DST inspires 2012-motivating talk on science and its relevant to a school student on 18-2-2012 at Jerusalem Engineering College at Pallikarnai. 3.10. STUDENTS SCHLARSHIPS/PROJECTS AWARDED

Gold medal for republic day (26/01/2012) health awareness programme " food for healthy life style", organized by Madras Medical College, Chennai – 03.

3.11. STUDY TOUR

1. II M.Sc Zoology on an educational tour from 29th September, 2011 (night) to Tuesday 4th October, 2011 (morning) to Mysore, Coorg and Bangalore accompanied by **Dr. M. Raja**
2. III B.Sc Advanced Zoology and Biotechnology educational tour from 20th September, 2011 (night) to Saturday 24th September, 2011 (morning) to Kerala accompanied by **Dr. M. Raja**

4.0. SOCIAL WELFARE

Dr. M. Raja coordinated for "Rural Expo 2012" for rural school students at Tiruthani along with 12 students [Margreeta (10-PZO-22), Jaya Divya (10-PZO-06), Jenifer (11-PZO-23), Maria Infansia (11-PZO-04), Rajeshwari (11-PML-16), Tamil Selvi (11-PML-03), Sabarin Begam (11-PML-05), Evangelin (11-PML-01), Mathew (10-AZ-27), Aswin (11-AZ-36), Arjun (11-AZ-32) and Karthic (11-AZ-04)].

REPORT ON THE NATIONAL CONFERENCE ON ENVIRONMENTAL PROTECTION AND MANAGEMENT (NCEPM) 29TH & 30TH AUGUST, 2011

The National Conference on Environmental Protection and Management was held for two days on 29th & 30th August, 2011, and was attended by scientists, academicians, research scholars, M. Phil scholars and P.G. Students, from all over India. The National Conference was **inaugurated** by Prof. **Dr. R. Prabakaran**, Vice - Chancellor, Tamil Nadu Veterinary and Animal Sciences University, Chennai. The inaugural session was **presided** over by **Rev. Fr. Amal Kulandaisamy, S.J.**, Rector, Loyola College, Chennai, and he also presented the Loyola Award for Social Concern and .The **keynote address** was delivered by **Dr. Balakrishna Pisupati**, Chairman, National Biodiversity Authority, Government of India. **Rev. Dr. B. Jeyaraj, S.J.**, Principal, Loyola College, Chennai **released** the Conference Abstract, SECNARM Bulletin and declared open the **Poster Exhibition**. **Rev. Dr. Joe Arun, S.J.**, Secretary, Loyola College, Chennai, presented the **Loyola Environmental Award**. **Dr. Albin T. Fleming**, Head, P.G. & Research Dept. of Advanced Zoology and Biotechnology, Loyola College, Chennai, **highlighted** the activities of SECNARM and presented mementos to scientists. **Dr. S. John William**, Convener of the National Conference highlighted the **dynamics** of the National Conference. **Dr. K. Thresia Mathews**, Organising Secretary, delivered the **vote of thanks**.

REPORT ON THE HANDS ON TRAINING ON COMMERCIAL LIVESTOCK FARMING

The Hands on Training on Commercial Livestock Farming for III B.SC., Zoology Students of the Department of Advanced Zoology and Biotechnology, Loyola College, Chennai - 600 034 in collaboration with the Department of Livestock Production and Management, Madras Veterinary College, Vepery, Chennai – 600 007 was held for three days from February 13 – 15, 2012. The Hands on Training on Commercial Livestock Farming was inaugurated by Rev. Dr. B. Jeyaraj, S.J., Principal, Loyola College, Chennai. The keynote address was delivered by Dr. T. Sivakumar, Professor and Head Department of Livestock Production and Management, Madras Veterinary College, Chennai. Dr. Albin T. Fleming, Head, P.G. & Research Dept. of Advanced Zoology and Biotechnology & Co-ordinator, Dairy Programme, Loyola College, Chennai, delivered the welcome address and presented mementos to dignitaries. Dr. S. John William, Co-ordinator, Poultry Programme, Loyola College, Chennai, highlighted the dynamics of the Hands on Training on Commercial Livestock Farming. Mr. S. Joshua, ZALC Secretary, delivered the vote of thanks.

CHEMISTRY

The Loyola Chemical Society (LCS) started its activities for the academic year 2011 – 12 with the following office bearers

1. Prof. M. G. Johnson – President.
2. Mr. G. K. Venkatesh (10-PCH-01) – Secretary.
3. Mr. M. Ranjit (09-CH-015) – Joint-Secretary.

INAUGURATION OF LCS

The inauguration of the Loyola Chemical Society was held on the 29th July 2011. **Mr. A. Ignatius Raj**, Deputy Manager, Orchid Chemicals and Pharmaceuticals Limited, Chennai, delivered the inaugural address on **“The Process and the Role of Life Saving Drugs”**. The Job opportunities for Chemistry graduates in Pharmaceutical companies were also highlighted in the function.

CELEBRATION OF INTERNATIONAL YEAR OF CHEMISTRY 2011

The year 2011 being the **“International Year of Chemistry” (IYC-2011)** as declared by the United Nation General Assembly in connection with the centenary of the Nobel Prize in Chemistry for the discovery of Radium and Polonium, the Loyola Chemical Society organized **“UGC Sponsored State -Level Seminar on Chemistry in our Lives”** on the 25th August 2011 to popularize and generate awareness among students about the importance of chemistry and its applications which are of immediate concern to the society.

The fore noon session of the seminar started with the inaugural address from Dr. R. Krishnakumar, Prof and Head of Nuclear Medicine, Cancer Institute, Chennai on the Applications of Radiation in our Lives. The technical programme of the seminar had two invited talks. The first invited lecture was delivered by Dr. A. Gnanamai, Scientist, Microbiology Division, Central Leather Research Institute, Chennai on Self – Assembled structures (Nanomaterials) – Abiomediated process. The second invited lecture was delivered by Dr. A. Ramesh Kumar, Chemist, Central Ground Water Board, Chennai on Hydrochemistry - An Overview. The afternoon session of the seminar had intercollegiate paper presentations by students of both undergraduate and post graduate levels in chemistry from various colleges in Chennai. The seminar ended with the **Valedictory address** by **Dr. A. Srinivasan, Former Head**, Department of Chemistry, Loyola College, Chennai on **the importance of chemical education** and prizes were distributed to the winners of the intercollegiate paper presentations.

CHEMFEST (RA PO – 2011)

The annual, intercollegiate, academic Department festival **CHEMFEST (Ra Po – 2011)** was held on the 09th December 2011. **Dr. M. V. Sangaranarayanan, Professor**, Department of Chemistry, Indian Institute of Technology Madras delivered the inaugural address on **The Analysis of Electrochemical Systems**.

The academic festival witnessed various competitions such as Intercollegiate – UG Quiz, PG Quiz, Adzap, Dumb Charades, Debate, Chemtunes, Collage to promote the talent of the students drawn from various colleges. Prizes and certificates were awarded for the first three places in every competition.

INTERNATIONAL YEAR OF CHEMISTRY CELEBRATIONS – 2011 BY ALUMNI

A one day meet on the 13th of December 2011 for the Alumni was organized as a **part of the celebrations of the IYC – 2011**. The programme started with the presidential address by **Rev. Fr. B. Jeyaraj, S. J., Principal** of Loyola College and key note address from **Dr. A. Dayalan, Head of the Department of Chemistry**. The inaugural address was delivered by **Dr. Antony S. Jeevarajan, Deputy Division Chief, Johnson Space Centre, NASA, United States of America**. The IYC – 2011 celebrations were also marked by **three invited lectures from the alumni of 1984 – 86 batch**. **Dr. S. Sundar Manoharan, Professor, IIT, Kanpur** delivered a lecture on importance of Organic light emitting diodes. **Dr. Judith A. Jeevarajan, Battery Scientist, JSC Battery Office, NASA**, highlighted the importance of batteries for space applications. **Dr. R. Sankara Subramanian, SANMAR Chemicals Private Limited, Chennai** made a presentation on the various avenues thrown open for the chemistry graduates. All these lectures were well received by the present post graduates of the department.

INVITED LECTURE ON ORGANIC LIGHT EMITTING MATERIALS AND DEVICES

Professor Poopathy Kathirgamanathan, Professor of Electronic Materials Engineering, Wolfson Centre, Brunel University, London visited the department and delivered a lecture on the significance of organic light emitting materials and devices (OLED).

UGC – CPE SPONSORED WORKSHOP ON MICROSCALE EXPERIMENTS IN CHEMISTRY (MEC – 12)

Loyola Chemical Society organized a one day workshop on Microscale Experiments in Chemistry for College teachers on 09th February 2012 to highlight the importance and advantages of chemical analysis at micro level. The programme started with the welcome address from **Dr. A. Dayalan, Head, Dept of Chemistry** and presidential address from **Rev. Dr. B. Jeyaraj, Principal, Loyola College**. **Dr. S. Murugan, Former Head, Department of Chemistry, S. T. Hindu College, Nagercoil** was the resource person and he highlighted the salient features of scaling down the consumption of chemicals which is cost effective, time saving and environmentally friendly too.

DR. K. K. BALASUBRAMANIAN INTERCOLLEGIATE WRITTEN QUIZ

The Department of Chemistry organized the intercollegiate written quiz competition on 05th March 2012, in honour of **Dr. K. K. Balasubramanian**. Undergraduate

and Postgraduate students from various colleges participated.

Achievements/Professional recognitions

- Awarded the member of American Nanosociety from June 2011 (No: 111582).
- Selected in the Biography of the Marquis Who's Who in Science and Engineering, November 2011, 28th Edition.
- Reviewer/referee for
 - Ø International Journal of nanoparticles
 - Ø Materials Research Bulletin
- Invited as the chair-person for the oral paper presentations at International conference on Frontiers in material science for energy and environment, 11-13 January 2012 conducted by LIFE, Loyola College, Chennai – 34.

Papers presented at International Conferences in India

- International Conference on Vistas in Chemistry (ICVC-2011), 11-13 October 2011, conducted by IGCAR, Kalpakkam, Tamil nadu.
- International conference on Advanced Materials (ICAM 2012), 5-7 January 2012 conducted by Department of Physics, Loyola College, Chennai – 34.
- International conference on Frontiers in material science for energy and environment, 11-13 January 2012 conducted by LIFE, Loyola College, Chennai-34.

Papers presented at International Conferences in abroad

1. **Title of the paper:** Structural and Optical Properties of Pure and La-Doped ZnO nanoparticles **Synthesized by Simple Precipitation Route. Name of Conference:** EUROMAT 2011, European congress and exhibition on advanced materials and processes, LE CORUM, Montpellier, France 12-15 September 2011.
2. **Title of the paper:** Synthesis and Characterization of Plant Ceramics Doped Tin Oxide for Humidity Sensing Application **Name of Conference:** IEEE SENSORS 2011, University of Limerick, Ireland 28 - 31 October 2011.

Papers presented at National Conferences

- 15th National workshop on the role of new materials in catalysis, IIT Madras, Chennai, 11-13 December 2011.

Workshops attended

- Attended UGC-CPE sponsored one day workshop on "Microscale Experiments in Chemistry (MEC-12) on 9th February 2012, organized by the department of Chemistry, Loyola College, Chennai – 600 034.
- Attended DAE-BRNS theme meeting on "Materials Chemistry" held at UGC-DAE-BRNS, Kalpakkam Node, Kalpakkam during Feb 13-15, 2012.

Invited Lectures Delivered J. Judith Vijaya

1. Lecture on "Best practices at Loyola", Orientation program of the junior staffs. Loyola College, Chennai - 34, 7th June 2011. 2. Expert lecture on "Lubricants/Solid Lubricants" 3. Faculty development program (FDP) on "Engineering Chemistry- I (CY 2111), 16th June 2011. 4. Smart Class room – needs and implications, 5. St. Xavier's College, Palayamkottai, 27th September 2011. 3 National seminar on "New Frontiers in Scientific Research" on the topic "Frontiers of Nanomaterials for Unbounding Future Technology" 6. Andhra Loyola College, Vijayawada, 27th February 2012.

Best Paper Awards

- Mr. IyyappaRajan and J. Judith Vijaya won the **FIRST PRIZE** on the topic "Photodegradation of Phenol and 4-Chlorophenol by using TiO₂ and Hollandite Catalysts" on 16-02-2012 at the department festival, Womens Christian College, Chennai.
- Mr. IyyappaRajan and J. Judith Vijaya won the **FIRST PRIZE** in the poster presentation on the topic "Environmental Benefits of Nanotitania- Scientific and technological challenges for Commercialization" on 20-02-2012 at WCC College in the event DHARA Project.

Major project ongoing (2010-13)

"Enhanced photocatalytic degradation of certain endocrine disruptors using ZnO and M-doped ZnO (M = La, Ce, Zr, Sr and Ba) nanorods prepared by low temperature simple precipitation route" by University Grants Commission (UGC) for Rs. 8 lakhs (2010-13).

M.SC FOOD CHEMISTRY AND FOOD PROCESSING

Seminars/Guest lectures organized

1. **August, 2011 -Dr A Srinivasan**, Former Head of the department of Chemistry, Loyola College gave a guest talk on the topic 'Browning reactions in food-Chemistry and health implications' on 22nd August 2011.
2. **Septmeber , 2011** -A seminar was conducted on September 22, 2011 in commemoration of the **World Food Day on the topic "A biotechnological approach to combat malnutrition and inflation"**. We had with us an eminent Food Scientist **Dr.V.Prakash** Former Director,CFTRI,Mysore and President, Nutrition Society of India spend the day with us to share his expertise in the field of Food processing and technology.
3. **March 7,2012** - Guest talk organized for placement and training, Resource person **,Mr.S.B.Chandrasekharan,President and CEO,Singventure Foods Pvt.Ltd** was invited to speak to our students in accordance with the placement and training programme.

INDUSTRIAL VISITS ORGANIZED DURING THE ACADEMIC YEAR 2011-2012

This academic year the II M.Sc students were taken for Industrial visits to the following companies to get an "out-of-classroom" experience in the Food Processing Sector:

1. Aavin Milk Plant, Madhavaram,Chennai (27th July,2011)
2. Modern Bakery,CIT campus,Taramani,Chennai (16th August,2011)
3. International Flavours and Fragrances,St.Thomas Mount,Chennai (21st February, 2012)

STUDENT ACHIEVEMENTS AND PARTICIPATION IN SEMINARS/CONFERENCES/WORKSHOPS:

1. **August 25, 2011** - R.M.Yamini Bala(II M.Sc) and S Amutha(II M.Sc) participated in the seminar organized by the Department of Chemistry,Loyola College for the International Year of Chemistry and S.Amutha acquired the III place in the PG paper presentation.
2. **Novmeber 25, 2011** - R.M Yamini Bala(II M.Sc) participated in the CRSI Interaction meeting with UG and PG students of chemistry.

- December 7, 2011** - R.M Yamini Bala(II M.Sc) got consolation prize in an intercollegiate seminar on 'Atomic power stations in India –A boon or bane' held at Shree Chandraprabha Jain College,Chennai
- February 17 and 18, 2012** – II M.Sc students participated in the International conference on “ Food Web – A global connect organized by MOP Vaishnav College , School of Food Science,Chennai and R.M. Yamini Bala and S.Amutha presented posters with R.M.Yamini Bala receiving a certificate of excellence for Poster presentation on “Gender based home cooking patterns”.
- March 1, 2012** – I and II M.Sc students participated in a workshop on “ Processing and Preservation Technologies for Rural Prosperity” organized by IICPT,Thanjavur and Veterinary College, Chennai.
- March 5 and 6, 2012** – II M.Sc students participated in a National conference on “Appropriate technologies for Indian Food industries” organized by the IICPT,Thanjavur and University of Agriculture,Bangalore.
- March 6, 2012** I and II M.Sc students participated in a seminar on “Job opportunities for Life Science graduates in the Food processing sector” organized by Centre for International Programme(CIP), Loyola College, Chennai.

STAFF PARTICIPATION IN SEMINARS/CONFERENCES/WORKSHOPS AND PUBLICATIONS:

Prof. John Mary

- February 25 and 26, 2011 National conference on “ Recent Advances in Fundamental and Applied Sciences organized by Vinayaka Mission University held at Anna University. COMMERCE (SHIFT -I)

The Dept. of Commerce ended another satisfying year of activities, new initiatives and interesting challenges. The staff and students are waiting with enthusiasm and hope for a new era of change and creative assessments of both academic and non-academic opportunities, as is the general mood in present day India. This departmental report reflects the student, staff and association related activities for the academic year ending 2011-12.

I. STUDENT RELATED ACTIVITIES

The activities involved the following areas: Syllabus unitization, Department library, Book bank scheme, Providing study materials, Seminar on human resources, Seminar on banking, Remedial coaching class for arrear students on process

Much of these student related activities were successful due to the very active Prof. Justin Rayappa, President, Commerce Association, and his team of student dedicated student volunteers: Secretary: T. Manoj Prabhakaran (III B.Com), Joint-Secretary: Sathya Prasanth (II B.Com), Administration Secretary: Ignatius Bharath (III B.Com), Cultural Secretary: Manoah Marcus (III B.Com), Academic Secretary: Stevin N. Antony (III B.Com), Welfare Secretary: Ramanan (III B.Com), Finance Secretary: Immaculate Lowara (II M.Com), Sports Secretary: Sebastian Richard (III B.Com) and Organizing Head: Merin Jose (III B.Com).

SYLLABUS UNITIZATION

The Commerce department has taken up the unique initiative of restructuring the syllabus for B.Com students, so as to facilitate its educational processes. It involves generating a glossary for all the Major Core papers with keyword listing for all subunits within each syllabus copy. The restructuring process in the college was an added impetus to this drive.

DEPARTMENT LIBRARY SYSTEM

The Department Library System was inaugurated in July 2011 to help students get useful books for their academic needs. In its first year of operation this year, the Department Library is managing nearly 500 books in most core papers in commerce subjects along with other General books. Professors Justin Rayappa and Dr. Xavier Mahimairaj have also made their presence felt by contributing needful books to this system.

SEMINARS

Seminars were organized and conducted this year primarily by Prof. K. T. Manivannan, which benefitted the students largely, particularly the III B.Com.

Seminar were conducted on various themes: Modern Banking Services - Mr. M. Venkataraman, Chief Manager (Training), State Bank of India; Human Resource Management - Mr. Ganesh Shankar, HR Manager, Butterfly Industries; The II M.Com students let by Mr. Vishnu and Mr. Easwaran organized seminars on the themes: Chennai infrastructure and mobile technology; A Seminar on job readiness and career guidance by -Ms. Shyleshwari Rao, Management & Educational Consultant, VED VYAS Inner Space. The Program was coordinated by Prof. Sushma Rajan, Prof. Solomon Raj and Prof. K.T. Manivannan; The Department also organised a UGC-CPE sponsored course on "TALLY" for Non-Commerce students. Twenty six Loyola college students from other disciplines were the beneficiaries of this sponsored course. Ms. Mini Mathew was the facilitator and course-in-charge.

PLACEMENT DAY

"Placement talks" were offered by Mr. A. John Morris C.A., from John Morris & Co. Recruitment and & Mr. G. Desikamani, Founding Director, Mentor Learning Services. Selection process were also conducted by TVB Marketing, within the department in which 3 students were placed.

PRE CONFERENCE COLLOQUIUM

A pre- conference 'colloquium' was held on 29/2/2012 conducted by II year M.Com and coordinated by Mr. Parag Kapadia A.C.A, and former Alumni of the department were based on the theme "Commerce Curriculum in 2020." Students from various colleges including Stella Maris, WCC, MCC, MOP Vaishnav, Vivekananda, and New College participated actively. Cash prizes were distributed to students who shared promising ideas and let the discussion. Prof. Arun Perusal did a good job coordinating the show.

CULTURAL EVENTS

**Intra-Department Cultural
Event: DECORUS '11**

The Association organized an intra-department cultural get together exclusively for the Commerce students, both U.G and P.G. It was a grand success, attracting a huge turn up for the events. Around 150 students participated in various events, such as: Creative Writing (English & Tamil), Stress interview, Business Quiz, Debate (English & Tamil), Logo Designing, Product Packaging, Group Discussion, Shipwreck

II. STAFF RELATED MATTERS

1. The department recognizes with gratitude and pride the yeoman service provided by its Retiring colleague Dr. D.V.S. Janakidoss this year. His dedication, sincerity and contribution to the study of Marketing, Branding, Consumer Behavior, Economics, Communication, Law over the years will never be forgotten. The department wishes him many more years of fruitful and happy retired life.
2. This year the department was honored to be of service to the nation, by responding positively to the Tamil Nadu State Council for Higher Education (TNSCHE) and the Academic Staff College (ASC), University of Madras, to train newly recruited, 42 Commerce Teachers and 28 Business Administration, Government College teachers of T. Nadu. The venue for the two, sessions were in Yedanapalli Hall (First Floor, Dept of Chemistry) for the Commerce Group, and MRF Hall, in the ground Floor of Jubilee Building for the Business Administration Group, in the college campus. The Nodal Officers for the two programs were Dr. Joseph Jayaraj, Dean of Commerce, Loyola College, (Business Administration Group) and Dr. Francis Jose (Commerce) Group, HOD, Commerce, Loyola College. The two programs were a success, and over 70 resource persons cutting across various fields of interest and experience, were represented in the orientation courses spread over three weeks.
3. Four new Ph.D. research guides were recognized this year by the University of Madras. Dr. Francis Jose, Dr. T. Joseph, and Dr. A. Marcus now have 26 research students registered for Ph.D. between them. Rev. Dr. F. Andrew is the latest Ph.D. Guide in the department. Dr. Arul Suresh and Dr. Vikram received their Ph.D. Degrees this year. The department congratulates them for their new academic achievement. The department also has a full fledged M. Phil program with 11 students as well as around 6 staff members involved in guiding candidates and conducting classes.
4. The department awaits with great optimism and hope for the new era of the restructured curriculum for the Commerce and related streams, starting 2012-13.
5. Being a semi-professional qualification, the department members have reinstated its need to maintain the commerce flavor in all the years of the B.Com program, with need based and meaningful course subjects which are expected to enhance the job opportunities and career paths in tune with Industry and other stakeholder expectations. At least six staff meetings were conducted within the department, and at least twice between the Shift I & II departments, to take forward the restructuring mantra, to meaningful heights.
6. Two new books have been published this year. Rev. Dr. F. Andrew published his book on 'GOVERNANCE in Micro Finance Institutions: A study with reference to select MFIs in Tamilnadu' based on his Ph.D. Thesis, with a German publisher, Lambert Academic Publishing, as well as the conference proceedings on ' Making Corporate Governance Work', co-authored with Dr. Kenneth E. D'Silva, Loyola Publications. Dr. A. Marcus and Prof. J. Rayappa published the conference proceedings related to 'Entrepreneurship, Youth, and Inclusive Development for Brand India' on 2 March 2011. The department congratulates them for their academic pursuits and valuable contributions.
7. Dr. Xavier Mahimai Raj, and Prof. Mini Mathew, was the convener and organizing secretary of the National Conference on the theme 'Commerce Education in 2020 – Evolving Relevant Teaching, Learning and Evaluation pedagogies' on 2nd March, 2012. Over 30 papers were presented, with two thought provoking and interesting panel discussions, the conference is bound to help the current needs of the department in its restructuring of its syllabi. The department is indebted to them for their leadership and commitment. The Vice Chancellor, University of Madras Dr. G. Thiruvassagam, inaugurated the conference, and Mr. N. Vital, former CVC and Padma Bhushan awardee this year, gave the valedictory speech.
8. Many of the staff members were active this year in participating in academic ventures like faculty development programmes (Prof. Sushma Rajan, Dr. Francis Jose), conducting training workshops, writing in refereed journals, attending and presenting papers in conferences (Prof. J. J. Soundararaj, 10 papers) among other activities. Several colleges and educational institutions do invite staff members as Chief guest speakers, doctoral lectures, board of studies meetings, Case Study Reviews etc. (Dr. Francis Jose, Dr. T. Joseph, Dr. A. Marcus, Fr. F. Andrew, Prof. Solomon Raj). The department congratulates them on their active involvement and work. Profs. A. Marcus, J. Rayappa, K.T. Manivannan, and Arun Perumal, were very much into the internship drive by the department during December 2011 and January 2012. This year thanks to the approval by the previous year's academic council, the internship was broad-based to include all job positions, within the functional areas in Marketing and Finance. The move was well received by the student community. Similarly, Dr. Mahimai Raj was involved in the internship drive with the II M.Com students during the summer vacation. It was also a successful and learning experience for the student community.
9. Prof. Justin Rayappa accompanied the 3 B.COM Students on a four day picnic, to Kerala. Prof. T. Joseph accompanied the II MoCm students to Kerala this year. To say the least the trips were rejuvenating. Prof. Arun Perumal along with student volunteers represented the department in the village visit program as a one day outreach program to spread Commerce education to the rural school environment. The exposure was both a learning and humbling experience to many students. Dr. Mahimai Raj represents the department as Director, Pondicherry University- Twinning Program with Loyola College for the second year. Dr. A. Marcus is the co-ordinator of the Entrepreneurship Cell in Loyola College, as well as the Co-ordinator, Center for International Programs (MSC (IB) and (CG)). Prof. L. Solomon meticulously took care of the student scholarships for the department. It was done with clockwork efficiency as usual by him. The

department thanks all of them for their dedicated service to the college.

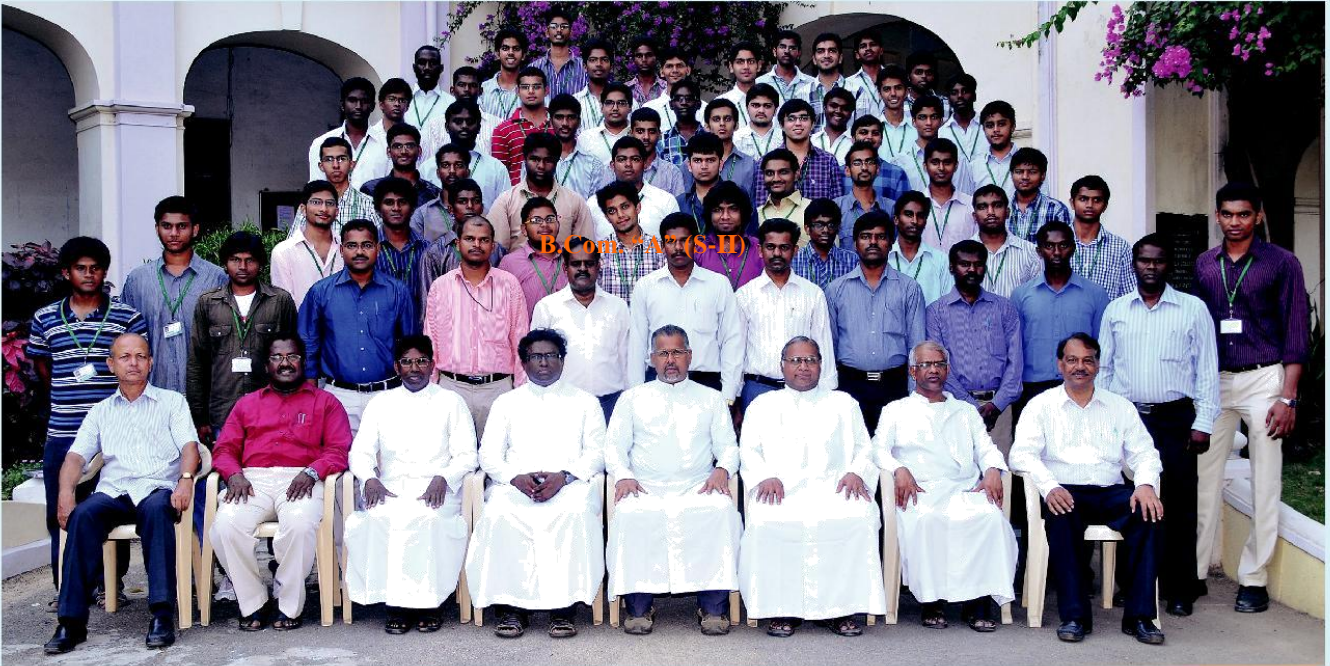

- The department awaits with interest the release of its first journal f., titled 'BUSINESS MATTERS' expected to be released this year. The chief editor is Dr. Joseph Jayaraj

SPORTS AND GAMES:

Our department has won the overall championship in sports.

ECONOMICS

The Loyola Economics Association for Development (LEAD) marked its beginning for this academic year 2011-12 by organizing the Inauguration of its various activities on the 28th of July, 2011. Shri. Padma Bhushan N. Vittal (IAS Retd.) former Central Vigilance Commissioner was the Chief Guest for the occasion.

Shri. N. Vittal delivered his speech on 'Manifestations of Corruption in India'. He highlighted the recent corruption waves in India and laid emphasis on the 2 T's of Transparency and Team of Factors in curbing corruption.

OVATIONS 2011

Our students were able to find a slot in the finals of almost all the events and secured 2nd place in western dance & Shipwreck, 1st place in Adapt-tune and 3rd place in Variety to mention a few.

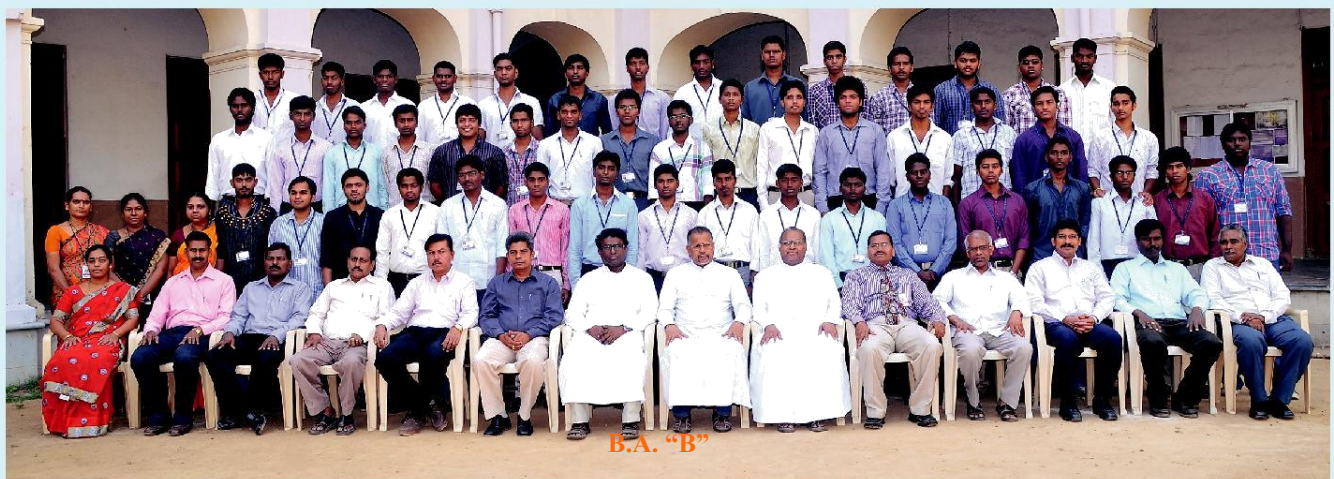

EQUILIBRIUM 2011

The students of our department have never failed to prove their skills to the outside world. They also prove their skills as a host every year. The Department of Economics hosted its inter-collegiate departmental festival 'Equilibrium' on the 10th of December, 2011. Students from many prominent colleges within Chennai participated and showcased their talents.

Mr. Jaiveer Johal, an alumnus of our department was the Chief Guest for the Inauguration of Equilibrium and delivered a very motivating address to the gathering.

The budding economists of our department were very innovative in organizing events like Neuron is Mightier than a Sword, The Firing Squad, Economics Odyssey, Mr. Finance Minister, The World of Words and Young Managers.

Dr. S. Jayasurya Kingsley, former Head of the Department of Biotechnology and former Dean of Science, Loyola College presided over and delivered the

valedictory address. Students of Stella Maris College emerged as overall winners and won the trophy.

NATIONAL SYMPOSIUM

The department identified a current topic under discussion, namely 'Census 2011' and organized a National Symposium on '2011 Demographic Characteristics: A Road to Development' on the 20th of January 2012.

Hon. E. Ahamed, Minister of State for Human resource Development & External Affairs was the Chief Guest for the Inauguration of the National Symposium and addressed the gathering on 'Population Explosion in India – Asset or Obstruction' and enlightened upon the various schemes to be proposed by the Central Government in strengthening the human resources in India.

Dr. S. Irudhaya Rajan, Professor, Research Unit on International Migration, Centre for Development Studies, Trivandrum, was the Guest of Honour and delivered the Key-note address on regional disparities in Human Resource development in India. Academicians and Research Scholars from all over the country presented their papers. The proceeding of the conference was published with an ISBN this year for the first time in the history of the department and the same was released on the day of the symposium itself. Hon. Minister of State E. Ahamed released the proceeding and handed over the first copy to our Rector Rev. Fr. K. Amal S.J. Dr. R. Arunachalam, Head, Department of Economics, University of Madras presided over and delivered the valedictory address.

NATIONAL ELT WORKSHOP (UGC SPONSORED)

The PG & Research Department of English, Loyola College (Autonomous), Chennai 600 034 organised a workshop on "On Doing Research in ELT: Methodologies, Applications & Challenges" - December 01 & 02, 2011.

The primary objective of this workshop was to gather researchers in ELT from all over India for sharing and updating knowledge of the research procedures in the field. This workshop provided a much needed forum for scholars and research guides in ELT to discuss the pedagogic challenges in carrying out systematic research. The special features of the workshop were input sessions by internationally acclaimed ELT experts and hands on training on how to plan and execute research in ELT. An interesting ingredient of the workshop was a mock viva conducted by ELT experts.

In order to make it meaningful and research worthy, resource persons had been invited from Delhi University, State Institute of English, Thrissur, Gandhigram University, British Council, Chennai, Anna University and IIT, Chennai and St. Joseph's College, Trichy. In addition, Mr. Xavier Chrisso Nayagam I.A.S., Secretary, Tamil Nadu State Election Commission, Chennai inaugurated the national workshop and Mr. Ravinarayan Chakrakodi, Lecturer, Regional Institute of English South India, Bangalore and a member of the Policy Think Tank Group, Continuing Professional Development for English Language Teachers of the British Council delivered the key note address. Rev. Dr. B. Jeyaraj, S.J. Principal, Rev. Dr. S. Arockia samy, S.J. Deputy Principal felicitated and lauded the effort of the organisers in reaching the budding researchers and training them to do meaningful research to uplift the academic standard of the disadvantaged.

Over 120 participants from institutions in Delhi, Nagpur, Visakhapatnam, Bangalore, Calicut, Trivandrum, Vijayawada, Mangalore and Colleges in Tamil Nadu actively attended the workshop. The outcome of the workshop would be gauged from the feedback of the participants:

What I liked best about the workshop was the selection of the theme and the idea of providing hands-on experience to research scholars in doing research. I found the sessions on the first day interesting and useful. I'm sure the second day also went off successfully. (Prof. Ravinarayan, RIE, Bangalore)

I found it quite fruitful for me and enjoyed interacting with the fellow participants and the resource persons. They were all such knowledgeable people. It was a very good experience for me and certainly has added up to my personality of a researcher. (Mrs. Jane Sequeira, a research scholar at St. Ann's College of Education, Mangalore University)

No doubt it was a 'pioneering effort' in the realm of ELT Research Methodology. Therefore, it was appraised as an excellent experience to both organisers and participants.

ANNUAL REPORT OF ENGLISH LITERARY ASSOCIATION

The students activities for the academic year 2011 -2012 comprises of various events inside and outside the college. Most of them were enriching the talents of the students' community. Starting from Literary events to the art of event management were the fruits of these activities.

SOUL – 2011: Hindustan College, Chennai.

This year's success spree was kick started with the victory at Hindustan University. In the month of August 2011 the Hindustan University organized its annual literary festival "Soul 2011". Various colleges across the country participated in various events. Our students participated with utmost gusto and won the overall championship.

Stella Maris – Novella 2011

The Novella literary fest was indeed a novel experience. There were many interesting and challenging events like poetry writing, quiz, shipwreck, jam, dumb shards, spin a yarn, stress interview. Although the timings of the events clashed with each other, the students divided themselves into various groups and actively participated in all the events. The students won events like shipwreck, spin a yarn, jam, stress interview. The students had a kaleidoscopic experience.

Coffee house – 2011

The highlight of this academic year was coffee house 2011 organized by association of the Department of English, Loyola College. The 24th edition of coffee house saw some unique additions and decorations of complicity. There were 11 colleges across the city clashed for the title 'Coffee House'. The chief guest of the day was Dr. Armstrong, HOD, Dept of English, Madras University. This year's festival concentrated mainly on theatricals and Human Rights. Separate cup was allocated for the best theatre. The overall championship of 'Coffee House 2011' was won by Stella Maris, Chennai. The best theatre was awarded to Madras Christian College, Chennai.

Prakriti foundation, Poetry Festival, December 2011.

Prakriti foundation, Chennai, in association with the Department of English, Loyola College organized this Poetry festival. It was quite a good learning experience where the students of post graduation got an exposure to poetry. Renowned poets across the nation and poets from Netherlands, Australia and Canada visited the department and presented their poems. The students interacted with the poets, which made an added advantage in learning poetry writing.

Budding Poet.

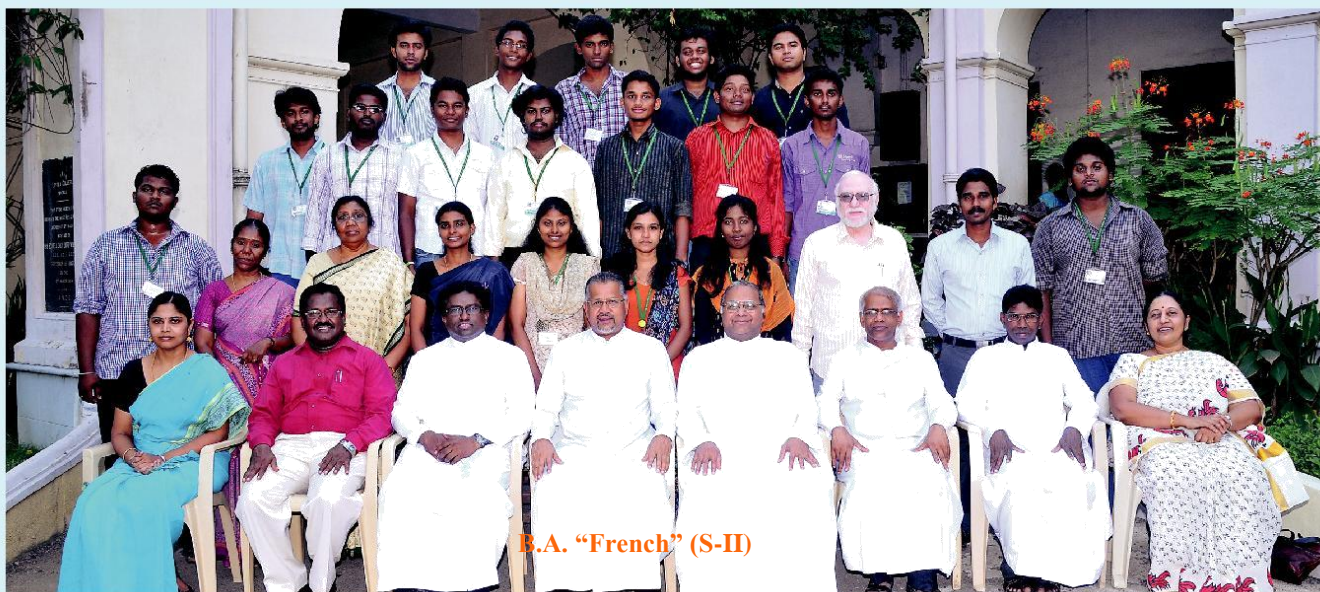

The academic year 2011-2012 paved way to the growth of a budding poet from the Department of English. Ashwin Parameshwar, a final year under-graduate student has made the department proud with his victories in various poetry fests. He is well-versed in Tamil and English.

His victories this year includes, Prakriti foundation's "Poetry Slam", poet Hunt by Suryan FM and Vairamuthu's award and Alliance Française.

"Akara" 2012 at MCC, Tambaram, Chennai.

"Loyola has made it a habit", these were the words by the professor's at MCC. The students of English Literature, Loyola College have brought home the "Akara" rolling trophy for the third time. The students participated in all the events and were victorious in 08 competitions.

FOUNDATION STUDIES

Activity Based Learning (ABL) - an innovative, interesting and corroborated class room transaction programme is carried out by all the staff during this academic year for undergraduate students belonging to the first and second year. The worksheet model is a strategic design paper that spells out objectives, intermediate steps - positioning major activities to achieve behaviour change.

An intensive staff training and orientation was carried out at the beginning of the academic year to equip staff for the new teaching process.

Many interesting pedagogic experiments and projects were carried out during this academic year, which enhanced the following:

- Students encouraged towards basic participatory approaches.
- Campus audits and students projects were group assignments for students' experimentation of real life situations documents creatively.

The visually impaired students were encouraged to do their worksheets on brail and were appreciated for the same by the principal of the college and rewarded by the Mayor of Chennai on Human Rights Day celebrations.

- Innovative teaching methods applied by the staff culminated with interactive presentations. One day training on NLP was conducted for the staff on 9.8.2011

Evaluation of students in a continuous process culminating with evaluation of their work books towards the end of each semester.

Ongoing trainings to staff were opportunities with an emphasis on individual skills and application of technical skill in their teaching profession. The staff had an opportunity to review the worksheets at Ceyrac community college , Paramenkeni.. Christmas celebration was also observed with the student of that centre during December 2011.

The Dept. has taken up PG courses as well and introduced the subject as Human Resource Excellence paper, handled by some of our staff and senior faculty of the college.

Periodic department discussion during the third week of each month along with regular staff meeting helped to build in positive climate, theory based impact evaluation and early planning for resource generation.

A five day workshop on 'Leader in You' was organized through the Dept. from the 7th to 11th Feb.2012 for the undergraduate students. The resource persons were from competent field and senior faculties of the college. PHILOSOPHY

PART A - CHRONOLOGICAL AND THEMATIC ACCOUNT OF EVENTS FOR THE YEAR 2011-2012:

1. **Meeting at Kothagiri, Ooty in June, 2011:** Continuing with the rewarding program of Staff Gathering, this year too we met at Kothagiri during the second week of June and had a fruitful time reviewing the Academic Programs and Events. From our introspection and sharing, we narrowed down to a need for 'Quality Training' at our Department level. And to this effect, we reviewed all its activities and made all efforts within its limits. Even a day was dedicated to this typically Jesuit theme of 'Excellence – An Essential Quality of a Trainee.'
2. **Inaugural Address for the Academic Year 2011-2012:** After a concelebrated mass of the Holy Spirit, by Rev. Fr. Rector, M. V. Amalanathan, Prof. M. Gabriel, Head of the Department of Philosophy, Madras Christian College delivered the Inaugural Address titled: "**SATYANILAYAM...IN SEARCH OF TRUTH**" to both the Staff and the Students of the Department of Philosophy on 16th June, 2011 at 11.30 a.m. On the same day, we released a Text Book on the theme of *Philosophical Hermeneutics* written by Prof. Joseph Dorairaj and Published by SNRI.
3. **Chennai Darshan for the New Entrants:** Since the composition of students of our department is somewhat national and international, the department organized a day of exposure to the city of Madras (Chennai Darshan) for the first year students who hail from various parts of South East Asia on 19th Saturday, June, 2011.
4. **English Diagnostic Test for the New Entrants:** On 26th June, 2010, Prof. A. Joseph Dorairaj of the Department of English Literature from Gandhigram Rural University, Gandhigram conducted an English Diagnostic Test (EDT) for our first year M. A. students and the department was given a brief profile of the 47 members who appeared for this test of their "Linguistic Competence in Reading, Writing, Listening and Comprehending of English Language," along with some suggestions for a consistent remedial program for the deserving ones throughout the academic year.
5. **Pilgrimage St. Thomas Mount National Shrine:** As per our tradition, both the Staff and Students went for a Pilgrimage St. Thomas Mount National Shrine on 3rd Saturday, July, 2010 and offered a holy Eucharist, apart from learning about the spiritual and apostolic significance of the early arrival of Thomas to India, one of the Twelve Apostles of Christ himself in the very first century of Christian Era.

6. **Academic Staff Sharing:** In view of following one of the suggestions taken up at Kothagiri meeting, First Sharing on the Personal and Collective Academic Endeavors of our Staff was held on 12th July for an hour. In this sharing, apart from our sharing on what each one is engaged in extra reading, writing, researching, preparing either for seminars or any forthcoming class assignments as a visiting professor to any other Institutes etc. as an Academic Staff in this Department of Philosophy were discussed. This sort of initiative needs to be strengthened and deepened over the years to come.
7. **Foreign Language Courses Offered:** On 12th July, 2010, some of our students began learning in the afternoon hours, one of the two foreign languages offered (Spanish and French) by Mrs. Carem, a native Spanish speaker from Spain and Prof. G. Xavier Raj, a former president of the French Teachers' Association of Alliance Francis, Chennai.
8. **Independence Day Celebrated:** In consonance with the Indian Citizens spread throughout the country, the Department makes sure that the Independence Day of our Nation is celebrated with the Staff and Students on 15th August.
9. **Visit of Rev. Dr. Lisbert D'Souza:** As the Regional Assistant to the General of the Society of Jesus, Rev. Dr. Lisbert visited our department on 25th of August. During his visit he had an informal exchange on matters that pertain to the universal Society both with the Staff and the Students.
10. **Teachers' Day Celebration:** Anticipating the Teachers' Day celebration which falls regularly on 5th September, our students felicitated our Teaching Staff on 3rd of September and acknowledged on behalf of thousands of students who pass through our college, the significant contribution made by the Teaching Fraternity.
11. **Departmental Open Forum:** As directed and scheduled by the IQAC of Loyola College, the department conducted on 18th October, its first Open Forum for this academic year for its students along with the Teaching Staff at the end of the I & III Semesters. Great many suggestions given by the students have been well acknowledged and taken for further improvement of teaching - learning methods followed in the department. Certain infra-structural needs and administrative constraints were very maturely expressed by the student representatives for a smooth functioning.
12. **Republic Day Celebration:** Just like the Independence Day on 15th August, our Staff and Students continue to celebrate the Republic Day of our Country on 26th January of every year. This year too, in solidarity with the Indian Citizens spread throughout the country, the Department made sure that the Republic Day of our Nation is celebrated. This year Rev. Fr. M. V. Amalanathan hoisted the flag and Ivon D'Souza, one of our first year students delivered the Republic Day Message to the Gathering.

PART B. ACADEMIC PROGRAMMES: SESSIONS/SEMINARS/SPECIAL LECTURES AND OTHER INITIATIVES Four Philosophizing Sessions Organized:

First of the Four Philosophizing Sessions for the Academic Year: We began with the First of the Four Philosophizing Sessions of the year on 1st August at Asian Center for Cross-Cultural Studies with Rev. Dr. Francis X. Cloony. Under the cross-cultural theme, Dr. Clooney's Book on "*Mother Goddesses and Virgin Mary*," was taken up for discussion. Rev. Dr. Alphonse, Director of the Institute for Biblical Studies and Dr. Swarnalatha, Department of English Literature, IIT, Chennai responded to the Book and the Author. Both the first and second year students participated actively and profited much during the interaction.

Second Philosophizing Session for the Academic Year was held on 23rd September on theme of *Re-telling Sita's Ramayana* by Samhita Arni, Bangalore. The animator was 26 year old girl. Having acquainted with both the epics of Mahabharata and Ramayana, her presence and sharing was really inspiring to our students.

Third Philosophizing Session: On 15th of December, 2011, our students and staff were engaged with the Third theme of the Philosophizing Session on *Art, Architecture and Aesthetics: Seeing, Sensing and Searching*. The session was jointly animated by staff and students. Rev. Dr. V.S. George, Schs. Shibin and Anand Beck gave their input on Art and Aesthetics. Dr. Marie Stella, Founder Director of Olianjali Art Academy Pondy, an illustrious old student of Kalai Kaveri Dance College, Trichi took pains taking effort to enlighten our audience the various nuances of Temple Architecture in general, and the particular features of the Pallava Architecture and Mahabalipuram. On 16th of December, 2011, the whole community was out in visiting the aesthetic Art centers along the ECR Road, beginning with the Art Village called Cholamandalam, Dakshinachitra, and the world renowned Mahabalipuram.

Fourth of the Philosophizing Session : On 23rd Thursday, February, 2012, we concluded the fourth of the series of Philosophizing Sessions on the theme of Michael Foucault's Post-modern Diagnosis of Human Sexuality by Rev. Dr. A. J. Mathew, a Capuchin Priest. Two well prepared lectures of Dr. Mathew and the active interactions that followed were not merely informative but very much formative.

PHYSICS

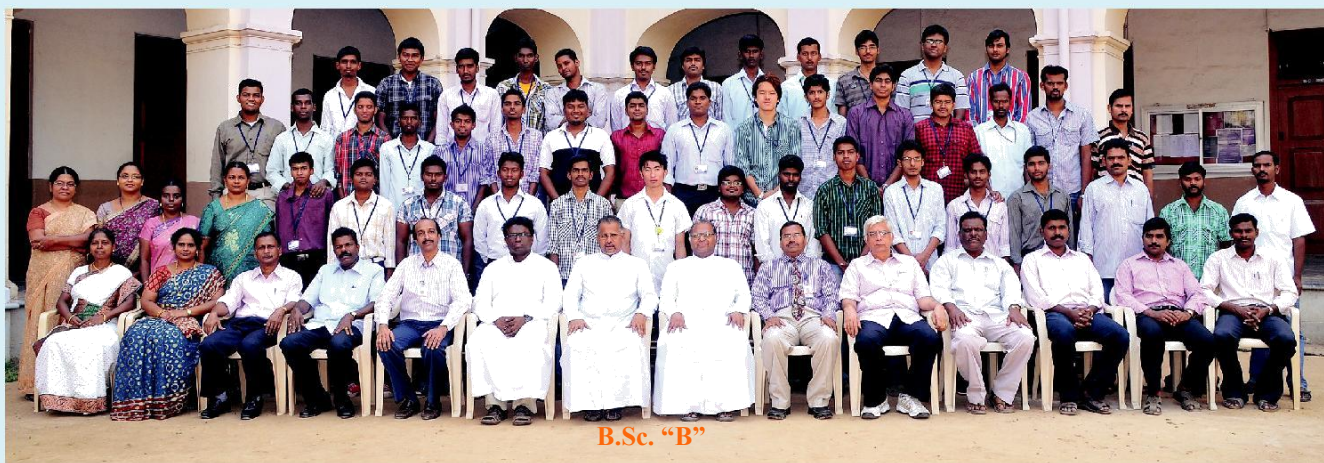

INAUGURATION OF LOYOLA PHYSICS ASSOCIATION

The Loyola Physics Association was inaugurated for the Academic Year 2011- 2012 on 14th July 2011. Dr. G. Sekaran, Scientist & Head, Department of Environmental Technology, Central Leather Research Institute, Adyar, Chennai was the chief guest and delivered the inaugural address and initiated the activities of LPA.

SPECIAL LECTURES AND SEMINARS

1. Mr. Sreraman Muralidharan, an alumnus of our department delivered guest lecture on 1st August, 2011. His talk on nano devices was a source of inspiration for many of our students.
2. On 25th February 2012, Dr. Geetha Manivasagam, Professor, VIT, Vellore delivered a guest lecture on bio materials.
3. Dr. C. K. Jaya Shankar, S.V. University, Tripathi, delivered a guest lecture to our final year U.G. and P.G. students on Laser Raman spectroscopy on 27th Feb 2012.

DEPARTMENT FESTIVAL

The mega intercollegiate cultural extravaganza event PHYSICA -2011 was conducted on 9th December 2011. Dr. C. Vijayan, Professor, Department of Physics, IIT, Chennai was the chief guest and delivered the inaugural address. About 160 students from 14 colleges participated in various talent search events and exhibited their talents and creativity in Physics. The overall championship shield for PHYSICA - 2011 was bagged by Stella Maris College, Chennai.

SCIENCE TO THE VILLAGES

The ultimate objective of Science attains its fullest meaning only when it reaches the people in the villages. Our students took part in a program organized by our college namely "Loyola Rural Expo-2012". To create a scientific awareness to the village school students, our students displayed static and dynamic scientific models demonstrating conversion of solar energy into electrical energy, colors of light (combination of colours), momentum transfer, traffic signal, pressure change with respect to temperature change, refraction experiments and experiments on pressure variations between air at rest, air in motion etc.

CHRISTMAS DAY CELEBRATIONS:

Fr. V. Joseph Xavier, Former Principal, Loyola College graced the occasion to celebrate the Christmas in the Department on 20th December, 2011 and gave the Christmas Day message.

INTERNATIONAL CONFERENCE

The Department of Physics organized an International Conference on ADVANCED MATERIALS (ICAM-2012) from JANUARY 5-7, 2012. Prof. Seeram Ramakrishna, Vice President, Research Strategy National University of Singapore delivered the inaugural address and Dr. T. Jayakumar, Director, Metallurgy and Materials group gave the Key note address. Dr. M. Ponnavaiko, Vice Chancellor, SRM University delivered the valedictory address. This three day conference was very well appreciated by the participants from all over the country.

TRAINING PROGRAM

For the outgoing students of the Department, a training program on soft skills was organised on 23rd February, 2012. PLANT BIOLOGY AND BIOTECHNOLOGY

ASSOCIATION ACTIVITIES/STUDENT ACTIVITIES/ STUDENT ACHIEVEMENTS

The Loyola Association of Plant Biologists and Biotechnologists (LAPB) was inaugurated on September 08, 2011. The Chief Guest for the day was Dr. T. S. Lokeshwari, Head, Department of Biotechnology, School of Biomedical Sciences, Sri Ramachandra Medical College, Porur, Chennai. Dr. T. Mani took over from Dr. G. Jeyajothi, as the President for the Academic Year 2011 – 2012. Prof. Jacintha John was appointed as the Vice – President.

THE FOLLOWING WERE THE OTHER OFFICE BEARERS:

1. Manoj Prabhu G., Secretary, 2. Sojan P. P., Cultural Secretary, 3. Joe Arul Raj A., Sports Secretary 4. Sahil Gill, Joint Secretary (2nd B. Sc.), 5. Arockia Mahimay Jayaseelan, A , Joint Secretary (1st B. Sc.) 6. Christopher, Joint Secretary (2nd M. Sc.), 7. Kanchana, Joint Secretary (1st M. Sc.)

Students participated in many cultural fests held by the other city colleges. Our Department won Jointly at "Madhulika" held at SDNB Vaishnav College, Chromepet. We won the first prize in Adzap and bagged the 2nd place in Jewellery designing and Collage.

The students participated and received the overall winners cup at "Microfest" and "Lantana" – hosted by the Departments of Microbiology and Plant Biology & Plant Biotechnology respectively of Ethiraj College. The troupe coveted the 1st place in Adzap and Collage. Junk Art and Paper Presentation were also added to our kitty.

On the 9th of December, the department hosted "Genotsav '11" – the annual Inter – collegiate Department Festival. More than 10 colleges participated in the 9 different events. Women Christian College won the overall winners trophy and Bharathi womens College which came runners-up. The active participation that we witnessed this year was a record of sorts and we hope to emulate the same time and again.

Our Department won the 1st consolation prize in the Inter-Departmental Carol Singing Competition that was held at Loyola College.

STUDY TOUR

Field trips and industrial visits were organized.

- i) One day Algal Collection trip to Muttukadu, Kovelam and Mamallapuram was conducted on 28th September for the first year under graduate students of the department. ii) Three days field trip to Kodaikanal was organized from 3rd to 5th of March for the first year under graduate students of the department to study the major plant groups. iii) One day trip to SKOL Breweries Ltd., and Aurospirul, Pondicherry was arranged for the third year students of the department to study Spirulina cultivation and Brewing technology, iv) II.M.Sc., Biotechnology students were taken for an industrial tour to Indo American hybrid seeds, Bangalore and CFTRI, Mysore during sep 28 to 01 Oct 2011. They had an enriching exposure in both these places. Dr. Kingsley, Coordinator, Ms. Jennifer Udaya staff and Mr. Preetam Raj, lab instructor accompanied them.

CAMPUS RECRUITMENT AND PLACEMENT:

1. Annie Infancia 10 PBT 20 our II M.Sc., Biotech student got the placement in Zifo Tech, Chennai with an annual take home salary of 2.10 Lakhs.
2. 6 students of III B. Sc., got placement in Panacea Biotech with the take home salary of 1.44 lakhs.

ENDOWMENT LECTURES:

1. Prof. C.R. Babujee Endowment Lecture (2007). Instituted by Mrs. Akhilandeswari wife of Prof. C.R. Babujee (Rs. 15,000).
2. Rev. Fr. Rapinat Endowment Lecture (2010). Instituted by Mr. Antoine Lebel, faculty, Department of Plant Biology and Biotechnology (Rs. 15,000).
3. Prof. Edmund Manohar Raj Endowment Lecture (2011). Instituted by Prof. S. Wilson, retired faculty, Department of Botany (Rs. 10,000).

ACHIEVEMENTS OF STUDENTS:

I.M.Sc., Biotech team won 1st Prize in Pulse Rangoli and Abbijet Paul (11 PBT 04) bagged 3rd Prize on drawing competition conducted as a part of GreenFest at Loyola College.

FORUM FOR INTELLECTUAL GROWTH STIMULATION

In order to encourage creative participation of M.Sc., Biotechnology Students, FIGS 12 (Forum for Intellectual Growth Stimulation) was formed. The activities included display of interesting scientific facts/ articles in the FIGS notice board, seminar presentation by students and invited guest lectures by Scientists / alumni:

FIGS GUEST LECTURES

No	Date	Guest lecture by	Title
01	15.6.2011	Dr.Hashmath Hussain RMIT University Melbourne, Australia	Enzymatic interactions
02	29.06.2011	Mr. Nagoth Joseph 10- PBT-008 Loyola college	Molecular Techniques in PCR, ELISA and Animal Cell Culture
03	25.07.2011	Dr. Sreenath Subrahmanyam Biotech & Env Consultant Cranfield University, UK	Sustainable development: biotechnologists and environmental managers
04	30.07.2011	Mr. Vikranth Raja 10- PBT-009 Loyola college	Scope of Higher studies in Abroad
05	30.07.2011	Mr. Arjun 11- PBT-025 Loyola	Bilirubin Metabolism

In order to brush up knowledge for UGC- CSIR NET/ GATE aspirants, questions were displayed on alternative days and the students getting maximum points were awarded.

A team of 3 research Scholars from University of Trento, Italy visited our M.Sc. Biotech Lab and had interaction with our students.

STAFF ACHIEVEMENTS

RESEARCH PROJECTS / RESEARCH GRANTS RECEIVED

Dr. J. JOEL GNANADOSS : UGC major research project entitled "Biodegradation of textile dyes using enzymes from white rot fungi" for 3 years (2011-14). Amount sanctioned by UGC: Rs. 7,10,800/-

ORIENTATION COURSE/ REFRESHER COURSE ATTENDED

1. ANTOINE LABEL, L : Attended Refresher Course in Life Sciences Batch 10, UGC-Academic Staff College, University of Madras, Chennai (Sponsored by the UGC, New Delhi), Feb. 02- 22, 2012.
2. DR. T. MANI: Attended Refresher Course in Life Sciences Batch 10, UGC-Academic Staff College, University of Madras, Chennai (Sponsored by the UGC, New Delhi), Feb. 02- 22, 2012.
3. Dr. J. JOEL GNANADOSS : Refresher Course in Environmental Science (Inter-disciplinary), Batch 13, UGC- Academic Staff College, University of Madras, Chennai (Sponsored by the UGC, New Delhi), Sep 6-Sep 26, 2011

WORKSHOP/CONFERENCE/SEMINAR/ SYMPOSIUM/ TRAINING ORGANIZED

DR. P. AGASTIAN

1. Work-shop cum Exhibition on BONSAI CULTIVATION on 12 & 13 September, 2011(Sponsored by Star College Scheme). 2. Seminar on "Bioinformatics and Drug Designing on 20th September, 2011((Sponsored by Star College Scheme). 3. One day hands on training on "Molecular techniques in Mushroom Technology" on 29th February, 2012 (Sponsored by Star College Scheme).

DR. J. JOEL GNANADOSS

1. International Seminar on Higher Education and Job Opportunities for Life Science Graduates in Food Processing Sector held on 6th March, 2012. The seminar was jointly organised by the Centre for International Programme, Loyola College and Lille Catholic University, France. – *Organizing Secretary*. 2. Department of Biotechnology, Ministry of Science and Technology, sponsored short term training programme on "Methods In Biotechnology, Molecular Biology and Bioinformatics" at Loyola College (Autonomous), Chennai - 600 034, Tamil Nadu, Department of Plant Biology and Biotechnology, April 2 – 26, 2012. **Course Director**. (Fund sanctioned by DBT 1.35 lakhs)

DR. G. JEYA JOTHI

1. Conducted Workshop on "Herbal preparations", sponsored by DBT star College scheme, on 22nd September 2011. 2. Involved in the process of restoration of herbarium, sponsored by DBT star College scheme, from October 2011.

DR. SHIRLY GEORGE

1. One day symposium on "Frontiers in Nanoscience" was conducted on 12.12.2011. Eminent scientists from Nanoscience Forum, Mumbai and IIT Kanpur addressed the participants numbering about 100. A quiz programme on "Biotechnology" was conducted by our students. Dr. Shirley George was the organizing secretary.

MS. ANITHA SEBASTIAN

1. One day Seminar on Antisense RNA technology is being planned on 12.03.2012 with professors from Anna University and IIT Madras as resources persons. Ms. Anitha Sebastian is the organizing secretary

WORKSHOP/CONFERENCE/SEMINAR/ SYMPOSIUM/ TRAINING ATTENDED

DR. R. RAVINDHRAN

1. XXXIII PTCA (I) Annual Meet and National Symposium on Impact of Plant Tissue Culture on Advances in Plant Biology hosted by St. Xavier's College, Ahmadabad and Loyola Centre for Research & Development. January 19 – 21, 2012. 2. UKIERI sponsored International Joint Workshop on Plant Molecular Farming organized by Department of Biotechnology, Bharathiar University, Coimbatore. April 7 – 8, 2011.

DR. J. JOEL GNANADOSS

1. National Conference on Environmental Protection and Management. Department of Advanced Zoology and Biotechnology, Loyola College, August 29&30, 2011.

DR. SHIRLY GEORGE, MS. ANITHA SEBASTIAN, MS. JACINTHA

1. Attended an International Seminar on "Frontiers in Stem Cell" and Biotechnology" in Human and Veterinary medicine held at Madras Veterinary College, Chennai on 18th & 19th July 2011. All the II M.Sc., Students had also participated.

RESOURCE PERSON

DR. P. AGASTIAN

1. Member - Board of studies in Botany : Government College of arts and Science for Men, Nandanam, W.C.C., Chennai, Ethiraj College for Women, Chennai. 2. Research paper reviewer: Saudi Journal of Agricultural Sciences,

DR. R. RAVINDHRAN

1. Resource Person for National Conference on Frontiers in Biotechnology organized by Department of Biotechnology, School of Bioengineering, SRM university, Kattankulathur. February 14 – 15, 2012.

DR. S.J. KINGSLEY

1. Dr. S.J. Kingsley, Coordinator, served as Resource Person at the Question bank Workshop for Life Science conducted by the Staff Selection Commission, Southern region, Chennai 2. Dr. S.J.Kingsley, Coordinator was appointed as external examiner to conduct Ph.D., Viva Voce by the University of Madras at Capt.Srinivasa Murti Research Institute for Ayurvedha and Siddha drug Development, Chennai. 3. Dr. S.J. Kingsley Coordinator was appointed as guide for M.Phil by Gandhigram Rural University, Gandhigram.

SOCIOLOGY

ACTIVITIES CARRIED OUT DURING THE ACADEMIC YEAR 2011-2012

The Sociology Association was inaugurated on 17th August 2011 by Dr.Neeraja Rao, H.O.D. Department of Sociology, Stella Maris College, Chennai. In her inaugural address the chief guest highlighted the importance of **Health for Youth** in this fast changing world.

The Association, under the guidance of the Cultural Secretary, Sagaya Raj (Dept. No. 09 SO 013) **introduced a logo and an anthem** to the Department of Sociology, which have become the symbol of the social commitment and concern of the students for social welfare.

The Annual Sociology Festival **Socio Fest 2011** was conducted with more than fifty students from the city colleges taking part in the different academically oriented competitions which revolved around the theme of “Youth and Health”

Yet another feature of this year’s activities has been the **creation of a separate blog** (www.socio.13.blogspot.com) by a band of second year Sociology students, led by Dhyanesh.R. (Dept No. 10 SO 070), wherein socially relevant articles written by of Sociology students of our own college and also by like minded

students of other colleges of the city are posted. They have also initiated discussions on different topics of importance on a regular basis.

An interaction with a post graduate student Malcolm Shead of Staffordshire University was arranged for the III B.A. (Sociology) students during which an **analysis** of differential access to water, an **urban social problem** of Chennai was undertaken.

Placement training has been arranged for the final year UG and PG students with a view to empower them and enhance their employability.

A three day study tour to Kerala was organized for the III B.A. (Sociology) students with a view expose them to different cultures and people.

Apart from these, our students have been sent to other colleges off and on to participate in different social and cultural functions and competitions conducted by them.

Six students of the department undertook a **rural camp to Thirutani** which proved to be mutually beneficial to the rural folk as well as the students.

As part of the paper on Community Health and Social Medicine the first year Medical Sociology students were taken for a **guided field study** to the different villages of Ramnad district in Tamilnadu.

The Department plans to organize a **one day seminar** in collaboration with LISSTAR on “**Social Realities of the downtrodden in rural India**”.

A **special lecture** o the “Changing Patterns of Social Relationship – between Teachers and Students – Causes and Consequences” is also planned before the end of the current academic year.

- Mr. M. Syluvai Anthony, Assistant Professor, is organizing Soft Skill Training Programme for the M.Sc. students, after class hours.

ASSOCIATION ACTIVITIES

Ø Job placements

Invited recruiters from Business analytics and Pharmaceutical analytics who requires Qualified Statisticians for data analysis and deriving insights from data. Three students have been placed so far in Pharmarc Analytics Solutions.

Ø Project Assistance

Providing Support and Guidance for Final year UG and PG students in their project work after 1.15pm in the Smart Room/Computer Lab

Ø Special Sessions

Organizing Special sessions by experts from industries after class hours for PG students to provide knowledge on practical real life application of statistics in various fields.

CONFERENCE & WORKSHOP CONDUCTED

- "International Conference on Statistics and Information Analytics – 2011" during August 25 – 27, 2011
- "Academic Bridge Programme on SPSS" during February 10 – 11, 2012

PAPERS PRESENTED IN CONFERENCES

1) C. Santharam, B.Ruban Raja:

"Optimality of Nearest Neighbour Balanced Block Designs Using Correlated Models" presented at "International Conference on Statistics and Information Analytics-2011" held during August 25 – 27, 2011 at Loyola College.

2) C. Santharam, B.Ruban Raja:

"MV- Optimality Of Nearest Neighbour Balanced Block Designs Using ARMA Model" presented at "National Conference on Recent Trends in Statistics and Computer applications" held at Department of Statistics, Manonmaniam Sundaranar University, Tirunelveli

3) C. Santharam, B.Ruban Raja:

"MV- Optimality Of Nearest Neighbour Balanced Block Designs Using Second Order Correlated Models presented at "National conference on Advances in Statistical Theory and Applications" held at Department of Statistics, Bangalore University.

4) Martin L. William, S. Padmanaban, R. SanthaSwaruban :

"Determinants of Autonomic Neuropathy in diabetics – Discriminant and Logistic Models 3 presented at "International Conference on Statistics and Information Analytics- 2011" held during August 25 – 27, 2011 at Loyola College.

5) Martin L. William, S. Padmanaban, C. Ponnuraja :

"Determinants of Metabolic Syndrome in Southern Railways Employees Population – Discriminant and Logistic Models 3 presented at "XXIX Annual conference of Indian Society for Medical Statistics 3 held during November 3 – 5, 2011 at " National Institute for Research in Tuberculosis, ICMR, Chennai.

6) Martin L. William, R. Vimala Ananthi :

"Removal of bad data points and performance of linear regression models – An exploration with two diagnostic options 3 presented at National Symposium on Statistics and its applications for young researchers held during February 24 – 25, 2012 at University of Madras, Chennai.

7) Edwin Prabhakaran T, Jeyabalaraja V :

"Impact analysis of software process matrices in software development 3 presented at "International Conference on Statistics and Information Analytics - 2011" held during August 25 – 27, 2011 at Loyola College.

8) Edwin Prabhakaran T , Raja S :

"Evaluating knowledge based collaborative hybrid recommender systems using statistical techniques 3 presented at "International Conference on Statistics and Information Analytics- 2011" held during August 25 – 27, 2011 at Loyola College.

9) M.Syluvai Anthony , S.Selvam :

"Modified k – mean clustering for heterogeneous grouping 3 presented at International Conference on Statistics and Information Analytics- 2011" held during August 25 – 27, 2011 at Loyola College.

INVITED TALKS DELIVERED IN CONFERENCES

- 1) Martin L. William: "Towards building discriminant models with improved accuracy of classification to two populations 3 at "XXIX Annual conference of Indian Society for Medical Statistics" held between November 3 – 5, 2011.

RESOURCE PERSONS IN WORK SHOPS / CONFERENCE

1. Martin L. William: "Data Modeling" at "Work shop on Biostatistical Inference 3 held on 25th February 2012 at Madras Christian College, Tambaram.
2. Martin L. William : "Linear and Logistic Regression 3 at Academic Bridge Programme on SPSS held between February 10 -11, 2012 at Loyola College.
3. S. Thobias : "Non – Parametric Methods 3 at Academic Bridge Programme on SPSS held between February 10 -11, 2012 .
4. S. Xavier : "Statistical applications by using SPSS package 3 at a conference on SPSS held on 28th January 2012 at the Department of Commerce, St. Joseph's College, Trichy.

5. S. Xavier : " Statistical techniques using SPSS 3 held between February 24 -25 , 2012 at the Department of Mathematics , Agarson College , Madhavaram, Chennai.
6. S. Xavier : "Data handling in SPSS 3 at Academic Bridge Programme on SPSS held between February10 -11, 2012
7. B. RubanRaja : "One way and two way ANOVA 3 at Academic Bridge Programme on SPSS held between February10 -11, 2012.
8. M.SyluvaiAnthony : "Parametric Inference, Factor Analysis and Cluster Analysis 3 at Academic Bridge Programme on SPSS held between February10 -11, 2012.
9. S.Selvam : " Simple correlation and simple regression3 at Academic Bridge Programme on SPSS held between February10 -11, 2012.
10. M. Sathiyamurthy : " Discriptive Statistics and diagramatic representation 3 at Academic Bridge Programme on SPSS held between February10 -11, 2012

OUTREACH PROGRAMME

B. Sc Statistics - Area : C.R.P Colony and Ajish nagar

As per the allotment, our students are doing their outreach programme in the above mention area. They are working in three groups for youth empowerment, women welfare and health awareness. They have organized a awareness camp for the 12th standard students regarding the courses offered in various colleges and about the course also. Each group has arranged an awareness programme and a detailed study report is submitted as per their guide's instruction which will be useful for the future use.

M Sc Statistics

Outreach Programme offered by the Department of Outreach, Loyola College Chennai is a mandatory course offered to all PG Students in the College

M.Phil.

during their academic course. The course is implemented in two phases. The Phase 1 of the Programme was implemented during December 13-18, 2010 wherein the students visited "Mel Tiruttani" and got awareness on various social issues that have caused havoc in our society.

The Phase 2 of this programme is aimed at the slums within Chennai City through social interventions. The theme allotted to the Department of Statistics was "Drug Addiction and Alcoholism". The key objective was to spread awareness against this major issue of our society. It began on July 13, 2011 with an awareness programme for us. This was followed by frequent visits to a slum "Rajiv Gandhi Nagar" which is located close to the campus. We got an opportunity to interact with the people in the slum, understand the impact of Drug Addiction and Alcoholism and spread awareness on the same.

On February 14, 2012 the II M.Sc. Statistics students organized a Programme as part of their campaign against Drug Addiction and Alcoholism in Chennai High School, Thiruvalluvarpuram, Choolaimedu and in Rajiv Gandhi Nagar with complete support from Smt. A Jeya, Principal (Chennai High School), the students and staff of the school, Shri T. Perumal (Community Leader), faculty members Dr. Martin Luther William, Dr.S Thobias (In-charge, Outreach Activities) and Outreach coordinator Mr. John Kaviarasu.

The outreach rural camp for the first M.Sc. Statistics students comprising of 25 students was scheduled from 12th December 2011 to the 18th December 2011 to Arpakkam in Kanchipuram district. The objective of this camp was to give the students a rural experience and understand their livelihood through a direct and practical experience by pulling them out of their cradle of comfort which they experience in the metropolitan city such as Chennai, and offering them no more than a place to sleep and food to eat prepared by the villagers themselves to thoroughly understand them by living amongst them in their every own environment. The activities performed in the camp such as building an ideal village even before visiting the village gave the insight as to what the students perceived the villages to be, students who have only seen villages either in geographic channels or read about them in books. In the following two days students were asked to visit 2 villages and ask questions about their standard of living and the troubles they face and give a report on the same also were asked to give ideas or suggestions on how to develop their villages and present the same on the last day of outreach. The Department of statistics was very supportive for this cause as Mr. Ruban and Mr. Selvam accompanied the students to the camp and stayed with them the entire week and in turn giving the students the moral boost which they required to face challenges in the days to come and due to which the camp was concluded successfully.

LOYOLA HOSTEL

The Loyola hostel NEST (2011-2012) is another successful year from its origin in the year 1925.

ADMINISTRATION:-

With the utmost sense of gratitude, the hostel community remembers the services of Sch. James and John Paul who served the hostel with interest, will and determination as assistant directors. We heartily welcome Fr. Stephen Raj and Sch. John Michael who have shouldered the responsibility with same vigor this year.

ADMISSIONS:-

Loyola hostel is a mini global village. Students from different countries and states, different cultures and languages, different classes and religions flock together as one Loho family in Loyola Nest. There are around 1250 inmates and 250 Mess only students from sports, Arts & Science college, LIBA, College of Education and LICET. Hostel administration with six assistant directors, has been generous in accommodating as many as possible from all institutions and render our service in every possible way. Thanks to the tireless works of our staff Mr. Manimaran, Mr.Doss, and Mr.Louis in the office.

FEE CONCESSIONS:-

Loyola hostel creates ambience for the students from rural background and first generation learners to excel in their academics. To lighten their economic burden we have made efforts to help nearly 230 students through fee concessions. Jesuit community generously contributes Rs.70000 every month towards concession. Rs.30000 was given for 20 students from Fr.Casimir raj, Director of Alumni Association for concession. This year responding to signs of the times the hostel management has given special concession to the students from Cuddalore and Villupuram district that were affected by the cyclone "Thane". Nearly 17 visually challenged hostellers are given full fee concession through the generous help of Model Resource centre for disability service (MRCDS).

NEW FACILITIES:-

Repair and maintenance of another 10 blocks were carried out successfully during the last summer.

Loyola Lending Library is another feather on the cap enabling students to use their free time productively in reading and reflecting. Within short span of time we have been able to treasure 150 books on personality and confidence building, leadership, general knowledge, stories and novels etc.

Hot water is made available for 24 hours to ensure quality drinking water for our students. Further the RO system was also repaired to increase the taste of drinking water.

A few more carom boards, chess boards and Table tennis boards were added to increase the facility for indoor games. It is interesting to see a large number of students using these facilities in the evenings every day.

Statue of Mother Mary was erected at the entrance of the hostel to bring blessings and health to every inmate of the hostel. Thanks to Mr. Amalan and Frankline for their generosity in this venture.

A Genset was installed to meet the power supply in Sauliere hall and office during the time of electricity failure. Two more speakers and amplifiers were added in Sauliere hall to enhance the quality of sound system and 150 chairs were bought newly for comfortable seating.

MESS:

New boiler, new grinder and a few more cooking vessels were added to the Kitchen this year. New granite stones were laid for easy and hygienic food preparation.

CO-WORKERS:

Salary for the co-workers was increased ranging from 1000 to 3000 Rupees depending on their scale of pay. The workers living quarters in the hostel was also repaired this year. Two sets of new Uniform were distributed to the co-workers enabling them for clean and hygienic preparation and service.

Thanks to Mr. Peter Paul and BINNYS for their generosity in sponsoring the uniform.

Further loan facilities, festival advances, gifts for St. Ignatius feast and hostel day, 14% bonus on hostel day were also rendered to the co workers in recognition of their hard work and sacrifice.

NEW FUNDS:

This year we created a new fund for LOHO lending library amounting to Rs.5 lakhs and added Rs.2 lakhs each to other funds such as Sauliere Trophy Fund and Talents Expo fund. We have also added another Rs. 5 lakhs towards Poor Boys fund.

VARIOUS FORUMS:

Loyola hostel gives importance to holistic formation for the students by making them to involve in various activities. Various forums are means for this great vision. 'By the students, of the students and for the students' is the philosophy behind the functioning of various forums in the hostel.

LITURGY FORUM:

Loyola hostel creates spiritual enlightenment to the students through liturgy, everyday prayers and spiritual talks. Hostellers are encouraged to attend daily mass and litany prayers conducted in college church.

Well began is half done, we welcomed the freshers' through a meaningful Eucharistic celebration with Fr.B.Jeyaraj.sj our Principal as the main celebrant and Fr.Victor.sj enlightening us with inspiring thoughts.

"Christmas is the season joy and students of Loyola hostel spread the happiness of Christmas by singing Christmas carols at girl's hostel, Jesuit residence, boy's hostel, Berchman's illam and workers quarters. On December 19 suppose Christmas was celebrated in the hostel. Rev.Fr. Yesumarian SJ (DHRC) Chengalpattu gave the Christmas message, Fr. Rector blessed the gathering and Fr. Boniface Jeyaraj blessed the crib. The students presented a variety of entertainment programs and the function came to an end with terminal dinner.

During lent season the hostellers were encouraged to attend the penitential walk to St. Thomas mount. The Way of the cross and special mass were organized by the hostellers. Our Hostel Choir needs a mention here as they involve in singing in the college church on Sundays and special occasions. Our decoration team showed their creativity during the Corpus Christi procession and Candle light procession on Lourdes feast.

NUTRITION FORUM:

After the monthly meetings the nutrition forum came out with different suggestions to the Mess manager for a healthy and sumptuous meal. Most of them were carried out like Iddlie instead of Bread in the morning, introducing egg dosa, etc. Our mess also hosts some of the important programmes of the college and received sincere appreciation from them. In spite of regular preparation of meals for the hostellers the hostel mess remains a catering to various conferences and programmes in the college. Thanks to the hardwork of every one of our co-workers under the leadership of Mr. Antony our mess manager.

CULTURAL FORUM:

FRESHERS' DAY:

The hostel provides the students with opportunities to exhibit their talents and their activities. Fresher's day was one of the highlighted functions of the hostel. Actor John Vijay our alumnus was the chief guest for the function. He enlisted the varieties of facilities in the campus to upgrade oneself and motivated the student community to achieve greater heights. The cultural programme enthused the new comers and put them at ease in the hostel.

TALENTS EXPO:

Inter block cultural competition was a treat of mixed talents and style. Prof. Lawrence Jayakumar HOD, Dept. of Media Arts and Dr. David Stanley Dept. of Tamil were the chief guests. 5th Block won the First prize and the 19th block won the Second prize .

HUMAN RIGHTS DAY:

A special lecture was organized about the human rights violations in India and Tamilnadu. Mr. Chandra Bose the founder and convenor of 'Thiyagi Immanuel Peravai' was the chief guest of the function who highlighted various incidents about atrocities and enkindled thirst for justice and human dignity. There were other programmes comprising of villupattu and street play on social themes.

PONGAL DAY CELEBRATION:

Pongal celebration was celebrated meaningfully with a debate in Tamil. “,d;iwa ,isQh;fspd; Kd;Ndw;wj;jpw;F nghpJk; fhuzkhf ,Ug;gJ gzNk ! FzNk!” Prof. Milton and Prof. Revathy Robert headed the two teams with two hostellers on each side arguing with great humor, fun as well as thoughts for reflection. Thanks to Dr.Arul Kamaraj for his leadership.

SPORTS FORUM:

Sports forum conducted many events which built the spirit of unity and team spirit among the students. On Freshers' day Football match was conducted between seniors and juniors in which Juniors won the match. The forum also sent teams for Bertram, Murphy and Francis Tournament held in the college.

Sauliere trophy Inter block football tournament a unique sports event of Loyola hostel was held in December. This is held for the third consecutive year with eager participation of the students from various blocks made the tournament a grand success. Fr. Henry Jerome gave the trophy to the winners 05th block and the runners up - 19th block.

Volley ball match was organized in the hostel and Indoor games like chess, caroms, TT were organized in view of the hostel day.

KNOWLEDGE FORUM:

UGC-CPE sponsored Three day workshop was organized in collaboration with Dept. of Foundation Studies on leadership and soft skill development and media analysis. Thanks to the Resource persons Rev. Fr. Emma SJ and Prof. Chinnappan. Nearly 200 students benefitted from these workshops. Several competitions on essay, poem, story writing both in English and Tamil were conducted in view of hostel day.

ENVIRO FORUM:

The enviro forum delegates kept the hostel premises clean and tidy by being a model to other students. They planted new saplings in and around hostel premises. In view of it ENVIRO FEST was celebrated to emphasis on importance of nature. Fr. Ignacimuthu. sj was the chief guest for the Enviro Fest. He highlighted the need for conserving energy from solar, garbage etc and insisted on Re use, Re Cycle.

OBITUARY:-

We place our condolences to the parents of our dear hostellers Prabhakaran (11-PH-246) and M.Pournraj (11-EL-024) who attained heavenly abode during this academic year due to prolonged illness.

ACKNOWLEDGEMENTS:-

Retiring Staff: Mr. Manimaran retires after 32 years of long service as hostel accountant. He serves this hostel from 1980 onwards. He was not only an accountant but also a friend and guide to many students and workers. He has also helped the whole campus in systematizing provident fund. For the last 3 years he also served as Maintenance manager. We place on record our hearty appreciation for his service.

We thank Rt. Rev. Dr. Antony Pappusamy, Bishop of Dindigul for being the Chief Celebrant for the Thanksgiving Eucharist and bringing down showers of blessings upon every one of us.

CAMPUS MINISTRY 2011 - 2012

Prayer services were organized at the beginning of the academic year 2011 – 2012 for Freshers, Seniors and Post Graduates as and when they began classes by the Campus Ministry Team under the leadership of Fr. M.S. Jacob, SJ the campus ministry coordinator. Mass of the Holy Spirit was celebrated with much devotion and fervour. Every month the Holy Eucharist was celebrated with specific themes for all the catholic students and staff of Shifts I and II. A common prayer service was conducted at the same time for the brethren of other faiths. Catholic students were given ample opportunity to strengthen their relationship with God, to rediscover themselves and their potential, and to learn the art of relating to oneself, others and God through various retreats systematically organized year wise and language wise. Fr. M. S. Jacob, SJ the campus coordinator organized these retreats with the generous help of Fr. Henry Jerome, Mr. Ramesh and Mr. Michael, our non teaching staff, Dr. Albonse Raj and Prof. Amaladhas and the Loyola Prayer Group members.

On the eve of the Feast of St. Ignatius of Loyola, the Founder of the Society of Jesus and the patron saint of our College, homage to the saint was organized for all the staff and the students of the college in front of the statue of St. Ignatius. Fr. Maria Arul Raja, SJ, the professor of theology at Arutkadai Theologate, Chennai gave the festive message on the life of the saint and challenged all the students and the staff to follow his footsteps bravely. On the Feast Day Mass was celebrated in the college church and Fr. Joe Antony, the Director of Culture and Communication, Loyola college, Chennai preached during the Mass. On the eve of the Feast of the Christ the King, the titular feast of Loyola college Church, we conducted the Corpus Christi Procession.

To honour Our Lady of Lourdes, Candle Light Procession was organized on the 11th of February. Catholic students and staff along with their family members participated in the procession with lighted candles and received the blessings of Our Mother. Fr. Anto SJ gave the message insisting on the healing words and how these positive words can bring a miraculous healing in the lives of the suffering people. The Loyola Family undertook the annual penitential walk to St. Thomas Mount on 03rd March on Saturday as a meaningful preparation for the Lent. Nearly 500 faithful attended the pilgrimage and the Eucharistic celebration. Fr. Henry Jerome challenged all the faithful to take a U turn from our sinful life, not only remaining in doing the mere penance and fasting, but also changing our own inner attitudes and negative actions and to walk together in holiness by having concern for each other in our life. The Campus Prayer Meet was organized by the Loyola Prayer Group with the support of the Campus Ministry Team for all the volunteers of the college on the 3rd and 4th of March. Nearly 70 student volunteers attended this retreat and benefitted from it.

With the generous help of some dedicated members of the administration staff as well as teaching staff, students from the Loyola Prayer Group, the Jesuit students of Berchmans Illam and Loyola Hostel, the college choir – both Tamil and English, and the other religious congregation students studying in the college, the Campus Ministry team is profusely happy to have rendered meaningful service in terms of spiritual activities to the staff and the students of our college during the year 2011-2012.

SIFE LOYOLA

Dr. J.M.V Kalaiarasi, Associate Professor in Zoology took over as the **new Faculty Advisor of SIFE Loyola**.

On 30th April 2011, Loyola College registered for the SIFE Regional Competition. SIFE Loyola was guided by the **Business Advisory Board (BAB) members** who helped them with a suitable project, start its operations and implement it successfully.

After addressing a predominant issue, they came up with project “**Khalan- Mushroom cultivation**,” ensuring high sustainability and creating awareness in market economics in rural areas. A phenomenal record of 750% return with an initial investment of a mere Rs. 100 reaped benefits to the targeted community.

The mushroom cultivation project was presented at the SIFE Regional Competition held at Hotel Savera, Chennai on the 23rd of June 2011. The project was waved a green flag that made the SIFE Loyola team, The **Regional Champions** and they emerged victorious qualifying them to the Nationals held in Mumbai on 1st July 2011.

The project was well appreciated at the Nationals and the team stood as the semi finalists. While the team was participating at the competition, SIFE Loyola opened its doors to fresh talent by recruiting new student members.

The Inauguration cum Induction ceremony for the new recruits was held on 28th of July 2011.

On 3rd September 2011, SIFE Loyola rolled up their sleeves contributing to a “**Coastal Clean Up**” programme. Taking up the responsibility to clean up the Coovum river, they united and plunged into work immediately. Over 100 students turned up in the wee hours of the morning trying to make a difference in the world. This occasion was graced by the presence of Honorable Environment Minister Chinnappan.

The management of Loyola college understood the potential of the SIFE Team and in turn provided them with the facility of a spacious **SIFE Training Centre**. This facilitated them to develop their projects with ease and feasibility contributing to the rising sustainability.

Candle Making was taught to the community people by SIFE Loyola. Our resource person was Mrs. Ponmany Davis from Synvia's Arts academy. This was a tremendous success as many people started marketing candles and sold them at the beachside, outside railway stations and churches. Our SIFE student members helped them develop the venture with their entrepreneurial skills.

With the outstanding success of Candle making, SIFE Loyola took a bigger initiative organizing a Two-day workshop on "**Social Entrepreneurship**." Under this programme, around ten community people were trained in candle making, artificial bouquet making, bee-keeping, quick food making and mushroom cultivation. Rev. Dr. B Jeyaraj S.J, Principal Loyola college presided over the function. Rev. Dr. Joseph Antony Samy S.J, Vice -Principal, Outreach inaugurated the function highlighting the members and the community people on the importance of the workshop.

SIFE Loyola attended a two- day orientation programme conducted by SIFE India at D.G Vaishnav College. SIFE Teams from over ten colleges in the city actively participated at the programme where the SIFE World Cup, 2012 was launched by the new SIFE India President, Mr. Farhan Pettiwala.

SIFE Loyola won the third place in the SIFE Quiz hosted under the same event. Cheers to SIFE Loyola. SIFE Loyola, with great efforts and confidence have begun working for the SIFE World Cup which is to be held at Washington D.C later this year.

RESOURCE CENTER FOR THE DIFFERENTLY- ABLED (RCDA)

Loyola College, Chennai is one of the very few colleges in the city that extends its whole hearted support for the education of the differently-abled students. Over the years, several developments have taken place in the portals of Loyola to facilitate the education of the many differently abled students in the college.

In the academic year under the guidance of the Principal, Rev. Dr. B. Jeyaraj S.J. the resource centre has taken many initiatives for the differently-abled students to help them develop on par with the others. The Resource Center for the Differently-Abled organized many programmes exclusively for the differently-abled students with the financial support of NIVH and the UGC (HEPSN) fund.

RCDA is facilitating the differently abled students of our College and other Colleges in all their academic programmes throughout the academic year in the following areas,

Computer Training, Scanning, Proof Reading, Sighted printout, Braille Printout, Photo Copies .

The Centre is generating E-content study materials of the visually challenged as per the requirements. For the first time, in Tamilnadu RCDA generated E-content for Tamil literature students by manual typing which was very much useful for the visually challenged students. Faculty in charge, Staff and volunteers contributed their might for the E-content generation even on holidays. With the continuous support of Loyola management RCDA has

provided Braille papers for Rs.20,000. In the month of July and August the centre has conducted training courses on Basic Computer Literacy and C programming language for the differently abled students of our college. About 20 students regularly attended the classes and course completion certificates were given to the participants. On all working days, regular Tamil typewriting class was organized for the visually challenged students every year. This year the centre introduced attendance system for the differently abled students to motivate them to use the resources as a result of which around 60 students were making use of the centre daily and all categories of Differently Abled students like Ortho

and Dyslexia are also making use of the centre. With all the efforts taken by the centre all the differently abled students are scoring good marks in their examinations and all of them have passed in all the examinations.

Centre took special efforts to offer counseling for two psychologically disturbed students and accompanied them. As a result both of them were regularly attending the classes and studying well.

Alumni, visually challenged graduates and post graduate students, M.Phil. and Ph.D Scholars, B.Ed College students, from various Colleges in Chennai and other parts of Tamilnadu and visually challenged Professors were also benefited by using the resource centre. Many students from other colleges are using the resource centre for the preparation of competitive examinations like UPSC as the centre is having the E-content of the syllabi covering such examinations.

Prof. J. Amirtha Lenin and Prof. Arockia Anto Anita were appointed as Deputy Director and Assistant Director respectively. In addition one new staff has been appointed as a coordinator cum social worker to the MRCDS from 27th November 2011. Shri D. K. Patel from Hong Kong has also sponsored one more additional staff Mr. Arputharaj to be in charge of sports. Sports classes were conducted from 8th February 2012, three days in a week in which most of the differently abled students are actively participating.

This academic year, Centre provided free Education and accommodation for all the UG I year students and for II and III year students who did their schooling in St.Louis Institute for Deaf and Blind from the sponsored amount of Rs.3, 33,088 by Help the Blind foundation. Also some of the centre students received scholarship from Jaigopal Garodia Foundation. Centre took efforts to provide special motor cycle for a differently abled student of our College from the Department for the Welfare of Differently Abled Persons, Govt. of Tamilnadu. On the day of Feast of St.Ignatius Loyola all the first year visually challenged students were given I- pod free of cost by Loyola Retract Club. The Centre with the support of Help the Blind Foundation have managed complete expenses of most of the visually challenged students staying in Loyola hostel.

The centre renewed the MoU with National Institute for Visually Handicapped for the next three academic years and started receiving Rs. 4, 08,000/- towards the salary of the staff. Centre is also taking efforts to get maintenance fund for the upcoming academic years. Dr.Arivanandham, Regional Director, NIVH has been visiting the resource centre every month to motivate the Differently Abled students.

A new system of scribe arrangement was introduced this academic year, members of Sri Sathya Sai Association, Chennai volunteered to be Scribes. Around 400 scribes have helped for the CA and Semester examinations. Prof. J.Amirtha Lenin, the Deputy Director, RCDA was given the additional responsibility as the Coordinator for Semester Examinations of Differently Abled students of Loyola, by the college Management.

In order to make the students computer literate, the resource centre planned to organize a basic training programme in computer application and C program with the approval of the Management. Final year students from various departments like English, Tamil, Commerce and so on were given the opportunity.

Every month the resource centre was organizing students meet to get the feedback of the activities and to fulfill the needs as much as possible with the support of College management and the staff meeting was also conducted to review and to plan the work.

The resource centre has mobilized students contribution by selling the flag towards celebration of International White Cane Day for the blind in the month of July by Indian Association for the Blind, Madurai.

Officials from various organizations, educational institutions have visited our resource centre as an observatory visit. Mrs.Prabhavathy, In-Charge of Differently Abled Resource Centre, Bharathidasan University visited our centre in the month of September 2011 and Rev.Fr.Director, DEDC, Gujarat visited our centre in the month of January 2012. Mr.Thirumavalavan M.P. visited the centre in the month of March 2012 and appreciated the efforts taken by the centre for the welfare of the Differently Abled students. B.Ed students from Loyola College of Education along with the Prof.R.M.Tamilselvan, Faculty In-Charge for special education visited the centre on 12th March 2012.

Input session on Employment Opportunities for the Differently Abled was organized by the Resource Centre in August 2011. K.Sujatha, Buisness Administrator, Ablejob Visionary Services, Chennai was the resource person. Most of the students have actively attended the program. A special lecture on Sports for the differently abled students was organised by the centre in July 2012. The resource person was Mrs.Madhavi, Manager, Scope International. She handled the session by using the audio and video system in the centre.

With the objective of creating awareness on rights among the Differently Abled students the centre has organized a Lecture on 14.12.2011. The program was inaugurated by Rev. Dr. B. Jeyaraj S.J and Mr. T. M. N. Deepak, Vice President, Tamil Nadu Differently Abled Federation delivered the keynote address. Centre has conducted E-competitions.

On 19.12.11 UGC officials visited the resource centre and encouraged the differently abled students. Three of our centre' students conducted cultural programmes and their performance was appreciated by the committee members and the college management.

Mr.D.K.Patel, Founder, Help the Blind Foundation, Hong Kong along with his wife and other officials from Chennai visited the Centre and had an official meeting with Rev. Fr. Principal, Rev. Fr. Secretary and the Faculty- In-charge for Sports and music. They accepted to fund sports and music classes and gave Rs. 5 lakh for sports and Rs.3 lakh for music. A grand program for the Distribution of (Free) Laptops and the Inauguration of Sports and Music for the Visually Impaired was organized on 7th January 2012. Rev. Dr. B. Jeyaraj S.J., Inaugurated the program. The program was presided over by Mrs. Kannegi Packianathan I.A.S Secretary, Department for the Welfare of Differently Abled persons, Government of Tamilnadu and Mr. D. K. Patel, Founder, Help the Blind Foundation, Hong Kong. The Sports and Music class was inaugurated by Mr. D. K. Patel and Mrs. Kannegi Packianathan I.A.S., Separate room for music class for the Differently Abled students was allotted by the management. They also distributed laptops to 10 visually impaired UG first year students who had scored high marks in their +2 examinations.

The RCDA thanks the Management of Loyola for renovating the centre and providing infrastructure.

M. Pownraj , a visually challenged student of I BA English literature has passed away on 13.02.12. It is a great loss to the centre as

he was a popular Tabala player and had performed more than hundred programs in and around Tamilnadu. The staff and students of the Resource Centre attended the funeral and organized a condolence meeting in the College along with the English department on the next day. The centre took initiatives to get financial assistance for the family of M.Pownraj from the Government of Tamilnadu.

A seminar on Personality Development to the Differently Abled was organized on 23rd

February 2012. The event focused on the Psycho - Social issues and solutions to them. The Chief Guest of the event was Dr. Charles Mohan, Counseling Director, Parisu Trust. The entire program was almost an interactive session.

Another big event, the first of its kind, was a State-level Workshop on Career Guidance for the Differently Abled, held on 1st and 2nd March 2012. The Workshop was sponsored by the UGC (HEPSN). Prof. J. Amirtha Lenin, Deputy Director of the Resource Centre was the Organizing Secretary. Six resource persons who are pioneers in the field of IT, Competitive Examinations, Assistive technologies and Entrepreneurship from Chennai participated in the Workshop and shared their experiences and knowledge with the differently abled students who had come from all over Tamilnadu. The chief guest for the inaugural function was Dr. A. Ramachandran, Director, Centre for Climate Change and Adaptation Research, Anna University, Chennai. IGNATIAN INSTITUTE FOR CAREER DEVELOPMENT

Ignatian Institute for Career Development resumed its activities in the academic year 2011 -2012 under the able guidance of Rev. Dr. Joseph Antony Samy,S,J, Director. This institute attracted people from all walks of life and caters to the needs of the students both academic and non-academic activities.

ACTIVITIES:

The UGC sponsored preparatory classes were conducted for spoken English, NET/SET and UPSC examination, for the students of Loyola.

v UGC sponsored spoken English classes were conducted. A total of 106 students both UG and PG from Loyola College attended the course. To give personal attention we divided the students into four batches by the help of eminent faculty members.

v Union Public service commission examination preparatory classes were conducted with the help of experienced professors. A total of 36 undergraduate students from both shift I and shift II availed the opportunity. To make the programme more effective the distinguished IAS and IPS officers were invited to give motivational talk.

v Intensive coaching classes were conducted to prepare the post-graduate students for NET/SET. Motivation, confidence building, time management and related soft skill training were also provided for the aspirants.

REPORT ON OUTREACH ACTIVITIES

INTRODUCTION

Loyola Outreach programme, now an activity of the Loyola Outreach Department, was introduced in Loyola College during the academic year 2001-2002, with a view to making the students experience and express concern for the society, especially the poor and the needy. The idea of this extension programme is to make Loyola College a role model for serving the neighbourhood community. With this spirit, the Outreach unit works in collaboration with Chennai Corporation, slum clearance board, and the schools in the neighbourhood ever since its inception. To make the initiative very meaningful, the second year undergraduate students of both aided and self-supporting courses from all departments, numbering to about 1850 students are involved in various activities. The activities are streamlined and focused on women, children and youth covering health, Literacy, women empowerment and other concerns of our times.

AREAS ADOPTED

The neighbourhood areas covered under this project are zones 5, 7, and 8 which comprise of 76, 77, 78,107,108,118 and 120 which include slums in and around Choolaimedu, Nungambakkam, Chetpet and Kodambakkam areas. Totally we are involved in 25 slums for community service.

IMPORTANT AND COMMON PROGRAMMES HELD AT LOYOLA COLLEGE

Orientations, Training Programmes and Seminar for the Outreach Students

In order to make the students understand the dynamism of outreach programme, all the second year UG students were given common Orientation in the month of July 2011. Each session started with a prayer song followed by the Welcome Address by Outreach staff. The programme was presided over by our Principal Rev. Dr. B. Jeyaraj S.J,

RURAL CAMP FOR THE FIRST YEAR POST GRADUATES

Rural camp was conducted for first year postgraduate students from 21 - 26th November 2011, 12 - 17 December, 2011, 9 - 14 January 2012 and 27th Feb to 3rd March 2012. Around 475 students attended the rural camp. The camp was organized in six different places in Kancheepuram and Tiruvallur districts. The rural camp places are Ongur, Ammaiappanallur, Arapakkam, Sengattur, Valarpuram, Gandhipet and Tirutani.

On the first day of the rural camp, students were given a half day orientation in the college campus and after that the students were taken to rural places to experience rural realities. The second day was the field level orientations handled by experience persons.

On the third and fourth day, students went for village visits and had interaction with people about social, economic and cultural aspects. Village visits exposed the students to rural reality; understand the felt needs of the villages and life style of people, and gave knowledge to students to do social analysis.

End of the fourth day, all students went to one village and gave awareness on social problems and social evils to village people in the form of skits and dramas. This made the villagers to become aware of the pressing problems of their villages and made them understand about the ways and means of overcoming from the problems, poverty and illiteracy.

On the 5th day, students presented their experience and learning through skit and chart in the summing up session. The evaluation was handled by professors from Loyola College. On the 6th Day, the students submitted their reports and planned for slum intervention programme.

LOYOLA REACH OUT CAFÉ

INTRODUCTION

The outreach program of Loyola College was started in the year 2001. The objective of the program is to initiate neighborhood development with the help of students. Sophomores from all departments are expected to spend a minimum of 120 hours in community service. Though the course was started as a non credit compulsory requirement it eventually became a 4 credit compulsory program.

The program is run in collaboration with the Corporation of Chennai, the Tamil Nadu Slum Clearance Board and the State Resource Center. These organizations provide technical advice on issues of crucial importance.

Currently the programs cater to Zones 5, 7 and 8 of the Chennai Corporation. There is 6 staff that coordinates about 1800 students from 25 departments with 25 staff in-charge of their respective departments.

Over the years the outreach department has been able to make sustained impact on the community in the areas of community health and hygiene, women empowerment and child education. Since the program is conducted with the help of students short term interventions leading to long term impacts are envisaged.

Being in constant touch with the community enabled the program to understand other specific needs of the community. The widows program bears witness to the need based programs. During our regular community need's assessment it was found that widows who are above the age of 50 were identified as one of the most vulnerable groups. Efforts to help them were undertaken with the contributions of philanthropists. Monthly rations were distributed for over a year.

As a result of our interventions in the community, more students were inspired to take up higher education in colleges. Due to lack of funds they were found to be dropping out of college. Further inquiry led to a greater understanding the needs of the students.

The needs of the community were larger than the resources available. Hence a social entrepreneurship effort was undertaken. The word was passed around to people of good will. Mr Mahadevan, CEO of Oriental Cuisines readily responded. The Loyola model was to emulate the preexisting Winner's Bakery.

As a joint investment Loyola College along with the Oriental Cuisines set up the Give Life Café on 5th September 2008.

GOAL

To enable an equitable development of the community through institutional involvement.

OBJECTIVES:

- To help the poor and Marginalized especially children and youth living in Slums come up in education and employment.
- To make the poor and the marginalized develop Entrepreneurial Skills.
- To help students of Loyola with part time jobs.
- To provide quality food at an affordable cost to our students.
- To spend all the surplus money earned through this outlet only for the welfare of poor students in Loyola and for the slum children in our Neighborhood.

TATA-LOYOLA KOVALAM OUTREACH PROJECT

In 2005, TRC (TATA Relief Committee) teamed up with Loyola College to create a TATA-Loyola Outreach Project to assist the overall development of the Kovalam Village. In 2008, as the projects taken up by the TRC were completed, the TRC Chennai branch was closed. Thereafter, the Fisherman's Cove Hotel and Loyola College together assumed management of the Kovalam Community Center. The center currently runs three main programs: 1) a community college that offers one-year vocational training programs for youths 2) a tuition center that provides children with a study space, after-school tutoring help, and daily nutrition, 3) Tailoring to the widows, deserted women, dropout adolescent girls and the deserving married women.

The Vocational Training Program of the Kovalam Community College caters mainly to students who have dropped out of the regular educational system and provides them with the opportunity to gain a TNOU (Tamil Nadu Open University) -accredited diploma in one vocational area. The community college takes a holistic approach in educating the student. Apart from vocational education, it seeks to teach students who have dropped out of the regular educational track the following: life coping skills, interpersonal and communication skills.

CENTRE FOR INTERNATIONAL PROGRAMMES

We have signed MoUs with 14 foreign universities and have student exchange, faculty exchange, research collaboration and joint degree programmes. At the moment, we run four degree programmes with London South Bank University, UK and Lille Catholic University, France, and the student exchange programme with Ingolstadt University, Coburg University, Germany and Albert Le Grande, Angers, France.

COURSES RUNNING CURRENTLY

M.Sc. International Business (London South Bank University, UK)

M.Sc International Business is a three semester course in which students spend their first semester at Loyola College and then move on to London to pursue their second and third semesters before they graduate.

Out of 20 students applied who, 16 students were admitted through written test and personal interview. In this academic year, the post graduate degree program started with the Foundation course to give an insight on the various skills and dynamics needed to cope up the study, followed by regular classes in the core papers. Industrial Visit to Hyundai Motor Ltd and educational tour to Ooty were also successfully organized. Eminent personalities from the industry and B Schools were invited for the special lectures which were well received by the students. A series of case study classes was also conducted to prepare the students to face varied business situations.

After completing tests and assignments with the good academic records, the students are at present in London to continue their second and third semesters. The faculty members and the officials from the LSBU visited our campus to discuss the prospective course of action and to orient our students. Future action plan is sorted to promote the MSc International Business and MSc Corporate Governance along with a prospective course in Marketing and Human Resource Management.

BBA (France) (Lille Catholic University, France)

'BBA-France' is a twinning programme with IESEG School of Management, which is a part of Lille Catholic University, France. Students who enroll for this programme get an opportunity to either pursue a five year integrated programme which culminates with a 'Grande Ecole' degree or they have the option of completing a BBA degree with three years of study offered by IESEG School of Management. The selected students pursue their first two years of study at Loyola and go to IESEG School of Management, France to complete the third year to graduate with a BBA degree.

The admission office of IESEG School of Management is in-charge of the selection and admission process for this programme. This academic year we received an overwhelming response in terms of applications. We received a total of 98 applications. Of these 30 students were provisionally selected through a written test and personal interview. 29 students joined the programme.

An Excel workshop was conducted for the second year students for business statistics and econometrics and it was well received by the students and faculty.

A cross cultural talk was given by

- 1) Ms. Bobby Jacob, Lawyer at ABB (Geneva, Switzerland)
- 2) Mrs. Sumithra Mathew, HR Manager (Polaris) on working in Europe.
- 3) Old students of the BBA course came to advice and inform the present batches on the culture and mode of education at Lille. They included Rohit, Gautam, Varun, Bivin, Aashish, Abhishek, Samuel and Tarun.
- 4) The first years undertook general internships in companies for a period of two continuous weeks during the summer holidays. The internship was done at HPCL, Rajashree Sugars, CLRI, APC Ltd., Air France, Chackiat etc..

There were a series of workshops for the first and second year students in the twinning program at Loyola College. These workshops were back in 2010 for the first time. Since then, the IESEG team have been organising a series of workshops that would initiate the first year students to new learning tools and the second year students to more advanced techniques.

The organisation of these workshops is a result of the experience of the last batch of students and the feedback from students in both campuses.

The workshops concern both the first year and second year students.

The professors involved in the workshop included: Mr. Hicham Daher, Assistant Professor of Finance and Quantitative Methods, Ms. Lies Bouten, Assistant Professor of Financial Analysis, Ms. Raluca Parvulescu, Assistant Professor of Economic Exploration, Ms. Alexandra Svoronou, Assistant Professor of Statistics

The workshops took place from Monday 27th of February to Friday 2nd of March 2012.

The first series were the Economics and Statistics workshops for the first year students. The second series were the Financial Analysis and Econometrics workshops for the second year students. The sessions for the first year and second year students' workshops were held in parallel.

The workshops covered the fundamental materials that would affect the students' thinking and understanding for the future. The sessions were both interactive and practical sessions along with coaching sessions. The coaching sessions aimed to advice students on their final project. Students worked in small groups of 4 students. They worked on two projects, one for each workshop, at the same time. The workshops sessions ended with presentations to defend their presentation work in front of a panel of IESEG and Loyola professors.

Friendly football matches were conducted during the year.

Muthumanikam, Professor of Education, Department of Education, Annamalai University and senior staff members were the resource persons for the workshop.

Workshop for Non-Teaching Staff was held 17-18.November 2011 – the Non-Teaching staff were trained

in the management skills, communication skills and Relationship skills. They were also exposed to an input on professional ethics.

Workshop on Soft Skills Training Programme for II Year PG Students was conducted between 18-21 January 2012. A professional HR organization de'arc HRD Chennai conducted the programme and 180 students benefited by this programme.

The IQAC and the Loyola Institute of Social Sciences Training (LISSTAR) conducted a **workshop on SPSS** (Statistical Package for Social Sciences) between 19 to 21 January 2012. Staff and research scholars benefited by this programme.

Controller of Examinations (CoE) office and the IQAC conducted a one day **workshop (30.01.2011) on 'Question Bank'**. The input for this workshop was given by Dr. Pon Subbiah, former Director of the Centre for Testing Evaluation, Mysore.

NAAC Reaccreditation Process: A team, consisting of Principal, Secretary, IQAC Coordinator, members of the IQAC and a staff member from each department, worked on the department profile and evaluative report (descriptive) of the departments. Towards the end of last academic year 2010-11, the college submitted the Letter of Intent (LOI) on 16th April 2011 to the NAAC.

In the beginning of this academic year (2011-12), a team of 14 officials (Vice-Principals, Deans, Former IQAC coordinator and Governing Council member) started working on each of the criterion. They submitted the first level of report to the IQAC core team towards the end of July 2011. The core team started working on it by involving some of younger faculty members. The data collected by the departments were validated by the members of IQAC. This Self-Study Report (SSR) was finalized after several rounds of sitting with stakeholders. The college submitted the SSR on 17th October 2011 exactly the day when it was due for submission.

Open Forum –During this academic year two open -Forums (30th August 2012 and 21st February 2012) were conducted and the students were able tell the good practices and problems faced by them in the areas of teaching, learning, evaluation, co-curricular, extra-curricular and infrastructure.

UGC Commission Visit- The UGC Experts Review Committee for the extension of autonomous status to Loyola visited the college between 17-18 December 2012 and the IQAC prepared the report for the commission members also facilitated the programme for two days t

Evaluations – IQAC conducted various evaluations such as 'student assessment of the staff members', final year students feedback on the college, Parents feedback about the college and helped the students to choose online their mentors for the mentoring programme also for choosing the allied optional and General Electives.

Quality Circle Meetings: There were more than two Quality Circle (QC) meetings this year. The members of the QC actively participated in the Open Forum also planning a Seminar in the next academic year for the QC members Loyola and other autonomous colleges.

As in the previous year the IQAC initiated **stock-taking** on 9th and 11th for arts and science departments respectively. 52 staff members were involved in this work and the report is getting ready to be handed over to Fr. Secretary. This report is about items which are added, lost and damaged during 2011-12.

Consultancy: In the UGC sponsored National Seminar on 'Parameters of excellence in Higher Education'- IQAC coordinator Dr. Bernard D' Sami gave an input on 'Best practices in Design and Development of curriculum' – 11.15am – 1.00pm. on 15th September 2011 at St. Joseph's College of Commerce (Autonomous), Bangalore

In the NAAC sponsored two day state level conference at Dr NGP arts and Science College, Coimbatore, on 'Achieving academic Excellence through Internal Quality Assurance Cell (IQAC) – IQAC coordinator Dr. Bernard D' Sami as a resource person spoke on 'Best practices in curriculum Design and Development through IQAC' - 9-10th December 2011

At the Quaide-Milleth Arts and science College, Chennai in the IQAC sponsored one day workshop on 'Emerging Trends in Dossier Management' on 08th February 2012 for the 'Faculty Development Programme' the IQAC coordinator Dr. Bernard D' Sami Spoke on 'ideal Principles and Perspectives of an Educator'.

RESEARCH ACADEMY FOR CUMULATIVE EXCELLENCE (RACE)

The **RESEARCH ACADEMY FOR CUMULATIVE EXCELLENCE (RACE)** stepped dynamically in the academic year 2011 -12. Rev. Fr. Joseph Antony Samy S.J was appointed Director of RACE, from his predecessor Rev. Fr Peter Francis S.J. With gratitude we would like to thank him. It resumed its activities in the academic year 2011 -2012 under the guidance of Rev. Fr. Joseph Antony Samy, Director and with the supervision of Prof. D. Robert Selvam, Coordinator of Loyola Research Academy of Cumulative Excellence (RACE).

ACTIVITIES:

RACE is a centre and an enterprise which engages in language related research, prepares learners for better career opportunities within India and abroad. This academy attracts people from all walks of life and with different levels of language proficiency. We are open to school and college students, executives, managers, IT professionals, doctors, lawyers, house wives and indeed anybody interested in improving their career.

NEW DIRECTION:

In the past few years certain courses were given for out sourcing. Some institutions from outside Loyola came forward to conduct coaching classes for XAT, using the infrastructure of Loyola College. In the present academic year RACE moved forward and took the responsibility of conducting XAT and IELTS courses. Eminent faculties were appointed and the courses were successfully conducted. Totally 72 students were benefited through this programme.

MULTI-FACETED ACTIVITIES:

The following Courses which we have conducted in the academic year 2011 –2012.

1. **Management Entrance:** XAT and CAT,
2. **Aptitude Test-** General Mathematics & Reasoning
3. **English:**
 - (a) Effective English Communication (EEC)
 - (b) IELTS
4. **FORIEGN LANGUAGES:**
 - (a) German
 - (b) French
 - (c) Spanish
 - (d) Chinese
 - (e) Japanese

Total no. of students studied in this academic year is tabulated below:

S.No	NAME OF THE COURSE	BATCHES	TOTAL NO.OF STUDENTS
1.	German	10	138
2.	French	6	58
3.	Chinese	4	34
4.	Spanish	3	35
5.	Effective English Communication	16	195
6.	XAT	2	62
	Total	41	522

A total of 522 students have visited RACE in this academic year (2010-11). The center caters to the needs of academic activities of the students.

ANNUAL REPORT OF SPORTS AND GAMES

Loyola College, we create benchmarks in excellence not only in studies but also in sports and games, for we at Loyola believe in the concept of integrated development of the individual with magis as our watchword. This report is a compilation of achievements and benchmarks we made in the field of sports and games during the year 2011-2012.
