MATRIX

A CONFLUENCE OF LIAC SOCIETIES

21st March 2023 | Tuesday @ 11.00 a.m.
SAULIERE HALL | Loyola College, Chennai

CONNECT IDEAS | CREATE POSSIBILITIES

LIAC

LIAC

LIAC conducts and strengthens academic collaboration with professional bodies and universities abroad. The programmes are designed in collaboration with professional bodies such as ACCA, IMA and IOA, and the programmes are unique in ensuring excellence in whatever they do.

LIAC SOCIETIES

One of the unique initiatives of LIAC is the promotion of student driven societies which provide a platform for pursuing their own interests and areas of strength. There are 15 student societies conceptualized, operationalized and facilitated by the faculty of LIAC. The societies meet every week to take up activities relevant to the area of interest to enhance student's competencies by engaging in deep level learning, pursuit of passion, working together on a project and coming out with a concrete outcome.

MATRIX

Matrix is the coming together of all the societies, where the process and achievement of each society will be showcased. It is a grand annual event unleashing the potential of the students.
