A REPORT ON INNOVATOR'S STORY

Date of the Event: 15/11/2019

Time: 2:00 p.m. to 5:00 p.m.

Participants: 122 of 1st year and 2nd year UG Students participated

Innovators are those who have the ability to foresee a space which a normal person cannot. They don't just hear or listen to what people think or tell, they just invent something to fill in the gap. It is with this ideology the Loyola Institutions Innovation Council (LIIC) organized a session on "Innovator's Story". The Chief Guest for the session was Mr. Dhamodar. M, founder of TOSAI. TOSAI, a specialty restaurant which serves more than 99 varieties of Dosa was founded in the year 2017 with two branches. Within a short span of two years TOSAI has spread with fourteen branches spread across Chennai and Puducherry.

The chief guest elucidated his journey as an innovator covering the following points:

- 1) One must immerse themselves in the field to understand the market.**
- 2) Keep updating yourself, otherwise, you might fade away with time**
- 3) Never be afraid of competition**

1) One must immerse themselves in the field to understand the market

It takes years to master a particular skillset. Today's youth often jump into ventures of their interest with no substantial background in the field. Financial support, well-wishers and a large team may seem great but it is simply a mirage. Expertise takes years to hone, but the wisdom it provides allows one to not only correct mistakes effectively but also prevent mistakes before they occur.

LOYOLA INSTITUTION'S INNOVATION COUNCIL (LIIC) LOYOLA COLLEGE (AUTONOMOUS), CHENNAI – 34.

2) Keep updating yourself, otherwise, you might fade away with time

Today technology grows at a hyper accelerated rate. Every single piece of that you can it can provide efficiency to the manufacturing process and ease of use for your customers. For all franchises centralizing accounting systems while scaling up is key, for it creates a stable foundation.

3) Never be afraid of competition

Keep doing what you do best. Worrying only leads to failure. Never compete with others but always compete with yourself. Respect critics and sceptics. Welcome them. If they give you bad reviews, invite them back and prove to them that you can do better. They are important for growth.
