**The Professor**

These are the days of family planning  
I am not against we have to change with times  
I am not against. We have to change with times.  
Whole world is changing. In India also  
We are keeping up. Our progress is progressing  
Old values are going, new values are coming...  
How is your health keeping?  
Nicely? I am happy for that  
This year I am sixty-nine  
And hope to score century
