

GOODS AND SERVICES TAX (GST)

IMPACT AND PROSPECTS - 2018

The department of BBA and B.Com (Corporate) had organized National conference on GOODS AND SERVICE TAX (GST), a hot , much debated topic of social and economic relevance. We as citizens of the world's largest democracy, feel the impact of economic restrictions of US, border pressure from neighbours of India trying to tide over the domestic socio, economic political turmoil's to grow and make India a super power as Dr.A.P.J. Abdul Kalam dreamt.

Government of India has mooted many measures to put the economy on the track of progress, in an era punctuated with LPG (Liberalization, Privatisation and Globalization) with technology drivers.

In the back drop of demonetization, digital India, Make in India, now GST introduced on July 1, 2017 has made a deep impact not only on individuals, institutions but also on the nation's economic front. There is a mixed response to GST, with bouquets and brickbats.

It is course befitting at this juncture to provide an unbiased platform for all the stakeholders to coverage at Loyola college to discuss, debate and deliberate issues threadbare related to GST, by sharing of knowledge and experience, both by the general consuming public, professionals and expert in the field.

Taking the cue, young students, scholars, academicians and administrators have responded by their active participation and presentation in the form of research articles on GST.
