**Report on the Open Forum:
An Interface between Students and College Officials**

Date : 12th September 2024
Time : 11:30 a.m. for Shift I
: 04.30 p.m. for Shift II
Venue : Y.D. Hall, Loyola College (Autonomous), Chennai – 34
Organized by : IQAC, Loyola College

The Open Forum, organized by the Internal Quality Assurance Cell (IQAC) on September 12, 2024, provided a vital interface between students and college management for the odd semester. Held in the Yeddnapalli Hall, this event aimed to foster open dialogue, allowing students to seek clarification on various issues and share their insights directly with college officials.

An event bridging the student body with the college Administrators and Officials, the Open Forum on September 12, 2024, witnessed a dynamic convergence of perspectives with both Shift I and Shift II students. The event commenced at 11:40 a.m. for the Shift I and 04.30 p.m. for the Shift II with a gathering of 159 students that included the student representatives, Quality Circle Members, and registered students.

The session commenced with a prayer song, setting a positive tone for the proceedings. Prof. Francis Xavier, IQAC Coordinator started the session with an engaging icebreaker, posing questions to students about the milestones of Loyola College. This interactive approach encouraged participation.

Following this, Prof. Francis provided a comprehensive recap of the previous Open Forum, highlighting the queries raised by students and presenting an elaborative Action Taken Report. He emphasized the significance of the forum as a vital academic platform dedicated to enhancing the learning environment at Loyola College.

The session was then facilitated by Dr. Dorathy Pushparani, Assistant Coordinator IQAC, who guided the discussions and ensured active participation from all attendees. She explained the guidelines, advising the students to be brief, raise one query at a time, and begin their interaction with a self-introduction, including their name and department number. She then opened the floor for students to begin their queries and discussions.

During the forum, the students shared their suggestion and feedbacks across various aspects that includes infrastructure, CIA test pattern, examinations, placements, curriculum, OD's need for physical activities, etc. The officials responded to the queries related to their portfolios, addressing the concerns and providing insights into the ongoing efforts to resolve them.

Fr. Principal in his concluding remarks highlighted that it is essential to organize open forum to understand and address our concerns regarding academics, infrastructure and campus life. He expressed his views, encouraging student participation and feedback to bridge the gap between students and management. Fr. Principal appreciated the efforts of all officials, committee members, and IQAC coordinators in organizing these forums and responding to student needs.

The Deputy Principal, Dr. JA Charles, highlighted the value of open forums as a best practice for enhancing the academic environment.

In conclusion Dr. Dorathy Pushparani expressed her gratitude on behalf of the Internal Quality Assurance Cell. She thanked Reverend Fr Secretary, Reverend Fr Principal, the Deputy Principal, all officials, and the administrative staff for their time and insights, and acknowledged the active participation of the students, which contributed to the success of the event. She concluded by expressing appreciation to the Loyola College management for providing this valuable platform for the exchange of ideas between officials and students.

The forum served as a constructive platform for discussions, enabling participants to exchange valuable information that could aid in enhancing the college's quality and sustainability. The 62 feedbacks gathered during the session is anticipated to play a significant role in the institution's ongoing efforts for continuous improvement and development. Overall, the Open Forum underscores the institution's commitment to continuous improvement and open communication, ensuring that student voices are heard and valued.
