

Impossible - To Be Possible

Movies have the knack to make impossible things to be possible. One such kind is bringing the beast as the caretaker of a Man-cub. Jungle Book where Mowgli may be the only living, breathing creature in this live action, But the CGI made the viewers to consider Bagheera, Baloo, Shere Khan and party equally real by the time the show's over.

The film is great but the CGI is even greater. This could be understood only when it is explained to the viewers. Mr.Suresh an expertise in the field of VFX shared his views on this tricky tack ticks to the students of Visual communication LIVE Loyola College on 08/04/2017.
